Dear Sir,

Concerning my teletype today relative to the Brekid case wherein it is stated that John Hagan, previous subject of an Identification Order, called this Office by long distance telephone from Kansas City, please be advised that Hagan called and office inquired as to "how anxious the Department was to apprehend Karpis and Campbell." I informed him that the Bureau was, of course, quite anxious to locate these individuals.

He then inquired as to how much of a reward was offered and I informed him that no reward had been offered by the Bureau but that he should discuss the matter thoroughly with Mr. Conroy of the Kansas City Office. He seemed hesitant to do this but after some discussion in the matter he agreed to do so.

He stated that he had real good information as to their present location but would not furnish the information over the telephone.

I immediately called Mr. Conroy of the Kansas City Office and Informed him of these facts and Mr. Conroy advised me that Mr. Davenport of the United States Secret Service in Kansas City had previously informed him that today Hagan had approached him, Davenport, with a similar story and that Mr. Davenport had referred Mr. Hagan to Mr. Conroy.

RE: ALVIN KARPIS with aliases - FUGITIVE, I. O. 1218, BT AL. Edward George Bremer - Victime KIDNAPING.

Dear Sir:-

Reference is made to my letter of July 2, 1935, concerning information furnished by Ike/MoAnally, reporter for the "New York Post", concerning certain advances made by local racketers, which McAnally believed might have reference to Subject Karpise

McAnally advised me today that yesterday, July 1th, in compliance with request sent to him by Luciano, he saw Luciano alias Lucia, at the Aqueduct Race Track; that Luciano informed him that some time ago he received information through his party, whom he knows by sight but whose name and whereabouts are unknown to him that Karpis was coming to New York. Luciano advised that he might possibly be able to get in contact with this party again, and secure further information concerning the alleged visit of Karpis to this city. McAnally states that Luciano them informed him that certain New York racketeers have heard that former U. S. Attorney Comboy has secured additional and very damaging evidence to be used at the second trial of Dutch Schultz, which will be held the latter part of this month; that Luciano indirectly and more by immuendo than direct statements suggested that McApally get word to Mr. Comboy through Acting U. S. Attorney Frank/Adams, Southern District of New York, that he (Luciano) and others will endeavor to secure information and "turn up" Karpis in the event Schultz is not prosecuted too vigorously. McAnally states that he informed Luciano that such a proposition was out of the question; that he would not,

any circumstances, take part in it, and that he very definitely and positively informed Luciano that any efforts along that line on the part of Schults's friends were a waste of time. Mcinally states that Luciano was inclined to agree with him that there was no possibility of having any consideration shown Schults, through the sources suggested.

McAnally states that he also during the conversation informed Luciano that if he or any of his associates had any information concerning Karpis the "smart" thing for them to do would be to get in touch with me immediately, and that he also reminded Luciano of the memorous convictions being obtained by this Bureau of persons charged with harboring fugitives. McAnally advises that Luciano did not indicate what his reaction was to this suggestion, but merely stated that he had not seen Karpis, did not know whether he was in town, but that he "might be able to find out."

McAnally is of the opinion that Luciano has or is in position to get information concerning the whereabouts of Karpis. He stated that he would, at the first propitious moment make a casual contact with Luciano and try to sell him on the idea of working with this office. If this plan does not succeed, some other method of approach will have to be devised. In any event McAnally will have to be kept out of the picture, and I have assured him that no contacts will be made which will indicate to any one that he (McAnally) has been advising me concerning developments.

I consider McAnally reliable and I will keep the Bureau fully informede

Reference is made to Bureau letter dated July 3, 1935 requesting advice as to what progress has been made in connection with the development of possible harboring charges against individuals who assisted Volney Davis subsequent to his escape at Yorkville, Illinois on February 6, 1935.

Your attention is invited to the report of Special Agent Charles Jenkins, Chicago, Illinois dated June 26, 1935 which reflects the investigation made by Agent Jenkins at Rockford, Illinois regarding this matter. It appears from the information obtained that there is apparently no basis upon which to predicate the filing of a harboring complaint against any of the individuals investigated. However this matter is being held in abeyance until the Kansas City Bureau office reports the results of its interview with Volney Davis as requested in the report of Special Agent Jenkins.

The possibility that TONYNIARETO may be involved in the theft of automobiles will be vigorously followed out with a view to prosecuting him and his associates for violation of the National Motor Vehicle Theft Act.

With reference to the matter of MATTHETAGLEASON who is under in westluation indictment for harboring Volney Davis, your attention is invited to

Kidnaping.

Specimens: Eight fingers of anjunidentified dead man.

Examination requested by: Detroit Bureau Office.

Date received: June 22, 1935.

Examination requested: Fingerprint

Result of examination:

Examination by: Donaldson

An attempt was made to reproduce fingerprints by inking and with negative results. The fingers have been treated with various lead powders, and X-ray photographs taken, also with negative results. Major Dodge of the Army Medical Museum has been consulted and by the description furnished by the Technical Laboratory he is of the belief that all possible means to develop prints have been exhausted. The fingers will be shown to Major Dodge and a supplementary report on his findings will be submitted at à later date.

Further tests are being conducted in the Laboratory to determine, if possible, the group specific substance corresponding to the clood group. A supplementary report will be submitted at the completion of this analysis.

This is to advise that Special Agent John L. Madala informed me this morning that evening that the family of Philip J Delaney who was recently acquitted at St.Paul. Minnesota, endeavored to frame" Special Agent R. D. Brown which they hoped would discredit Agent Brown's testimony against Delaney and McLaughlin during the trial at St.Paul.

advised Agent Madala that short-In this connection ly prior to the completion or the trial at St. Paul for the kidnaping of Edward George Bremer, in which Delaney was a defendant, the wife of Delaney inquired of the was whether she was very friendly with Special Agent Brown as she had noticed her talking with Brown on numerous occasions in and out of the courtroom. informed Mrs. Delaney that she had merely a speaking acquaintance with Agent Brown and inquired why she desired to know. According to Mrs. Delaney then acquaint her daughter Kathleen Delaney, who suggested that is sixteen years of ace, with Agent Brown, after which endeavor through a ruse to get them together either in her room, or in Agent Brown's room; that should she succeed in this plan the entire Delaney family would come upon them in the room and contend that Agent. Brown had inveigled Miss Delaney into the room with immoral intentions.

advised that she thought the entire plan extremely silly and for this reason did not take any part in AUGO 1835 AUGO

DETAILS:

In accordance with letter from the Chicago office dated June 15th and letter from the Bureau dated June 19, 1935, on June 25, 1935, the writer contacted Kr. E. H. Eckholdt, Secretary to the Warden at the U. S. Penitentiary, Leavenworth, Kansas, who advised that on June 5, 1935, Claude B. Kenny and George E. Barker had called at the Penitentiary and requested permission to see Arthur "Doc" Barker. Kenny stated to Eckholdt that he was attorney for the Administrator for the estate of Kate and Fred Berker, deceased; and that he was interested in ascertaining if a certain \$5000. deposited in a Chicago bank was the property of Kate or Arthur Barker. Kenny showed Eckholdt a photostatic copy of Kate Barker's signature card at this Chicago bank, which Kenny stated had been given to him by a Department of Justice Agent in Chicago, and that the Department waived all claim to this money.

Kenny further told Eckholdt that the Schmidt Brewing Company was suing as intervener to recover the aforementioned money.

Eckholdt then granted Kenny permission to see "Doc" Barker, but refused George Barker, his father, permission to see him.

Kenny interviewed "Doc" Barker in the Isolation Cell for approximately three minutes, according to Eckholdt, during which time Eckholdt sat on a bench between them. Kenny had never met "Doc" Barker, according to Eckholdt, and the conversation between them related only to the \$5000. aforementioned. "Doc" Barker advised Kenny that he had not deposited this money, but that the money had been deposited by Kete Barker, and that he was willing to make a deposition to this effect.

Eckholdt stated that "Doc" Barker had little to say to Kenny and Eckholdt was quite positive that no messages passed between them concerning anything other than previously related. - However, in a letter to the Kansas City office dated July 2, 1935, Mr. Eckholdt stated that he recalled that the name of a woman, Miss Mildred Kuhlman, Care John Kuhlman, Leipsic, had been mentioned between Kenny and Arthur Barker.

George Barker was granted permission to see Lloyd Barker, his son, however, and both Kenny and Barker talked to Lloyd for more than an hour in the Warden's office. Mr. Eckholdt did not hear the conversation between them, however.

In discussing the possibilities of "Doc" Barker communicating with those outside of the penitentiary, Mr. Edkholdt advised that "Doc" Barker is in daily contact with the orderlies in the isolation ward, who clean the cells and bring food to the inmates. He further advised that all orderlies are prisoners, they being chosen for their loyalty and dependability, but that it would be very possible they would assist "Doc" Barker in getting communications to the outside if the right overtures were made to them.

Relative to the censorship of letters, Mr. Eckholdt stated that due to a lack of sufficient employees only two civilian employees are in charge of the mailing room to censor mail, altho they have fifteen or sixteen prisoners as assistants to handle the clerical work, such as keeping the register of mail sent and received; that each prisoner is allowed two letters a week and practically each one takes advantage of this. The prison's population being 2800, approximately 5600 letters are sent each week and almost double that amount received, and according to Mr. Eckholdt a thorough censorship of that amount of letters is practically an impossibility.

Special Agent A. E. Farland of the Kansas City office made arrangements with Mr. Eckholdt to secure the original copies of all communications received and sent by Arthur and Loyd Barker at the U. S. Penitentiary at Leavenworth, Kansas. This was done as a precautionary measure to avoid any possibility of secret messages being communicated. These original letters will be transmitted to the Kansas City Bureau office, which in turn will transmit them to the Bureau for appropriate attention.

Mr. Eckholdt also stated that the order from the Bureau of Prisons relative to the transfer of "Doc" Barker, from the U.S. Penitentiary to Alcatraz Island, has been received, but the penal authorities at the latter place are not in a position to accept him as yet.

Mr. Eckholdt also stated that Lloyd Barker had been refused permission to see "Doc" Barker.

The names of the correspondents of Arthur R. Barker, No. 46928, at the penitentiary as were received from Mr. Eckholdt are as follows:

George Barker, fether, Box 724, Joplin, Missouri, sent May 29, June 6 and 17 and received June 9.

Doc Barker nor Lloyd Barker has received any visitors other than George Barker and Claude B. Kenny on their visit of June 5, 1935.

On June 28, 1935, the writer also conducted an investigation at Joplin, Missouri, relative to the activities of Claude B. Kenny and George Barker in that city.

Interview was had with Stanley P. Clay, Room 604, First National Bank Bldg., Joplin, Missouri, Secretary of the Jasper County Bar Association, who advised that he had known Kenny, an attorney, in the Miners Bank Bldg., at Joplin, rather intimately for the past twenty years.

Clay stated that Kenny is utterly devoid of legal ability and expressed the opinion that Kenny would not have the ability to properly try a case in the Justice of the Peace Court. He further informed that Kenny has run for the office of County Attorney in Jasper County in the last three elections, but has been decisively defeated in each instance. He said that Kenny depends entirely upon small damage suits for his legal practise; these cases being acquired through "ambulance chasing and snitching" methods. Clay said that altho Kenny was not particularly wicious, he did cut corners in ethical practice and would use practically any unethical device to gain his point. However, he stated that no one in the community has ever reported Kenny to the Bar Association for unethical practise.

According to Clay, Kenny has never represented a defendant in a criminal trial of any consequence because of his utter lack of legel ability, as no one would be willing to risk their case with the man.

Clay further informed that Kenny's father, a wealthy farmer near Neosho, Mo., had recently died and left Kenny more than \$20,000, and that Kenny had been able to pay the expenses of numerous lewsuits which he had solicited as a result of this money.

Mr. Clay further informed that he understood that Kenny was the attorney for the Barker estate and that he, Clay, was quite interested in the estate in that his firm had been engaged by the Schmidt Brewing Company of St. Paul, Minnesota, to file as intervener of the estate.

Clay further advised that Ray Kenny, Claude's older brother was postmaster at Neosho, Missouri, and in his opinion was a great deal more unethical than Claude. He is reported at one time to have practised law in Kansas City, but is reported to have given this practise up after having been censured for unethical practise.

()

The writer interviewed Haskell Trusty, Metropolitem Life Insurance Company, First Netional Bank, Joplin, Missouri, who formerly officed with Kenny. He advised that Kenny had no ability as a lawyer and was a "shyster and ambulance chaser" in his opinion. He stated that Kenny had a very poor elientele and was unable to understand how he managed to live off of his law practice.

He further stated that Kenny was not courageous enough to openly flaunt the law, but if someone gave him an opportunity to make money he would use unethical means to gain his ends. Trusty stated that it was his opinion and that of the majority of the business men of Joplin that Kenny was a very inferior lawyer, and he said that he would not employ him as his attorney, as he was positive that Kenny was not intelligent enough to successfully handle a case or give a correct opinion. Trusty cited an instance that happened several weeks prior to the interview in which Kenny is alleged to have severely beaten and kicked a fellow lewyer of Joplin who took a client away from him. According to Trusty this occurred in the County Court room and this attorney was taken to the hospital where he remained for several weeks as a result of the severe beating that he received at Kenny's hands.

Ed Portley, Chief of Detectives, Police Department, expressed the opinion that Kenry was apparently honest but a "rotten" lawyer, and that none of the criminal element around Joplin ever called him as defense counsel.

The writer interviewed Frank Dixon and Tony Wolfenberger, who operate the Tri-State Oil Company, Joplin, Missouri, where George Barker resides.

During the course of the conversation, Dixon volunteered a great deal of information without being asked about it. He said that he was appointed Administrator of the Barker Estate in that George Barker had resided with him for about five years and that Dixon had handled all of his affairs. He further informed that he went to Florida in February shortly after the demise of Fred and Kate Barker and tried to get ancillary administration in Florida over the £14,000 found in the Barkers' possession, but was refused. Shortly-thereafter he retained Kenny as attorney for the estate, Kenny having been his lawyer for a number of years. He took Kenny with him to Blorida on a subsequent trip with reference to the Barker estate and according to Dixon, Kenny is apparently paying his own expenses pending the outcome of the administration of the estate; for, according to Dixon, neither he nor George Barker has any money to pay for attorney fees or expenses at the present time. Dixon also stated that he is quite interested in recovering

all of the properties of the Barkers which may be concealed because of the 5% he retains as Administrator of the estate.

Dixon stated that on June 5, 1935, George Barker, Kenny and himself went to the United States Penitentiary at Leavenworth, Kansas, where Kenny interviewed "Doc" Barker. Dixon said that Kenny had told him that "Doc" Barker said to communicate with Mildred Kuhlman through her sister at Ottawa, Ohio, as she could give him the story "about plenty."

Dixon said that he was not acquainted with "Doc" Barker nor Mildred Kuhlman, nor was Kenny, and that he, Dixon, had only met Fred Barker on one occasion about two years prior to the interview. At that time Fred Barker had been introduced to him under an assumed name by one Crichton of Webb City, Mo., a bank robber, who is now serving life in the Missouri State Penitentiary.

Concerning the letters George Barker had received from "Doc," Dixon said that "Doc" had instructed his father not to pay De Courcey, his attorney, as he had been well taken care of. According to Dixon, "Doc" had engaged De Courcey for a stipulated fee of \$1,000 and after that time De Courcey had obtained a judgment against "Doc" Barker for \$6,000.

Dixon said it was his information that "Doc" Barker had peid off De Courcey.

Dixon also said that he had employed an attorney named Cox to represent the Barker interests in Chicago, and that he would have nothing to do with Decoursey.

He further stated that "Doc" had sent the "old man" three letters, which he had read, but there was nothing of unusual interest in any way in that he was positive that "Doc's" letters at the penitentiary would be censored. He believed that George Barker had destroyed these letters.

Kenny having received the information about Mildred Kuhlman from "Doc" Barker wrote her a Special Delivery letter, which he sent in care of her sister at Ottawa, Ohio, which was subsequently delivered to her at Chicago, stating that he would be in Chicago on June 13th and requested that she contact him. No enswer was received to this communication. On June 13th Dixon and Kenny drove to Chicago in Dixon's automobile and registered at the TM.C.A. Hotel. Dixon called Mildred's sister at Ottawa, Ohio, over the long distance telephone and she informed that Mildred would make a contact with him in thirty minutes. Before the thirty minutes were up, Mildred called from the Morrison Hotel and Dixon answered the telephone and said that he was Kenny and told her to come over to the hotel. He told Kenny about this, but Kenny didn't want her over as he was afraid of some of her mob, altho Dixon said that he had no fear of any of them. A short time later Mildred appeared at the hotel with a "little Jew" and that they went to Dixon's room and had some drinks. Dixon said it was his idea that he would get Mildred Grunk to

see if she would tell him anything about "Doc's" affairs. However, Dixon said that he found that this was impossible and also found that Mildred Kuhlman was "off of Doc" and wented nothing to do with him. Dixon said that he also tried to make love to her without results. He wanted to go to some night club with her, but she refused. However, she stated that one of the boys who was hot and in hiding had the receipt for Kate Barker's furniture, but she wis "too hot" herself to play with him as there was not enough in it. Dixon said that he believed this was partially untrue in that he had been informed that there was no receipt for the furniture and he felt that he would have little trouble in including it in the estate.

Dixon said that Mildred Kuhlman was extremely shrewd, and that he had little success in obtaining any information relative to any other money that "Doc" had hidden, but that he was going to continue his efforts, and he was interested in getting all the money possible for their estate rather than let Mildred get her hands on it.

Dixon further informed that he met Mildred Kuhlman the following day at the Morrison Hotel in Chicago, but he received no information of value from her other than De Courcey had been paid "his Grand."

Dixon also stated that Mildred gave Kenny a telephone number to call in Chicago in the event he wanted to contact her; that a party answering the line would tell Kenny who to contact in order to reach her. Dixon said he did not remember this number, but that Kenny had it in his possession. He felt quite sure that Mildred knew where more of "Doc" Berker's money was, and that he was going to Chicago in the latter part of July and try to get more information out of her about it, when he had more time to work on it. The writer intimated that he would contact Dixon again so that some discreet plan might be worked out to get this information from Mildred. The interview with Dixon was terminated because his presence was required at his restaurant, the "Tumble Inn" at Joplin, and George Berker was not contacted that evening in that it was past Midnight when the interview terminated, and the writer was required to depart for Kansas City shortly thereafter.

Numerous efforts have been made to contact Attorney Kenny, but in each instance he was out of town.

In accordance with the request made in the teletype messages from the Chicago office deted June 27th and 28th to the Kansas City office and Bureau teletype message of June 27th to the Kansas City office that appropriate surveillance be conducted relative to the activities of John Karpovicz at Topeka, Kansas, the following investigation was conducted by Special Agents Franklin Welsh and A. J. Norstrom:

On June 28, 1935, Agents endesvored to contact Albert Grooms, 1234 Monroe Street, Topeka, Kansas, son-in-law of John Kerpovicz, who at one time had expressed the desire to cooperate with the Bureau in effecting the apprehension of Alvin Karpis.

Inquiry was made at the Capital Iron Works, Topeke, Kansas, where Grooms was formerly employed, where it was discovered that Grooms is presently unemployed. Agents Norstrom and Welch then proceeded to 1100 East 2nd Street, Topeka, Kansas, the building on which property it is assumed that Karpovicz is sontemplating repairing. Neither Karpovicz nor Grooms was observed in the vicinity of this dwelling and Agent Norstrom then conducted a discreet investigation in the vicinity of 1234 Monroe Street, Topeka, Kansas, for the purpose of locating Grooms that his cooperation might be enlisted, without results. It should be noted that Grooms' residence does not contain a telephone and it was imperative to contact Grooms in such a manner that his wife, a sister to Alvin Karpis, would not be aware of this.

In that Grooms was not available, Agents then made a discreet surveillance of Grooms' home until such time that he could be located for an interview. At approximately 6:00 P.M. that evening a 1927 Buick car, green in color, with an attached truck, Illinois 1935 license #179755, was observed parked in front of the Grooms' house. Agents then retired to a suitable ventage point about a block from the house and continued the surveillance.

At approximately 6:30 P.M. that evening several cars were noticed driving in the vicinity of the Grooms' residence, and occupants of these cars were recognized as Topeka Police Department Detectives, Shawnee County Deputy Sheriffs, and Kanses State Highway Patrolmen. The Agents then proceeded to the Police Department, in view of the above developments, where Sheriff Dean Rogers, Shawnee County, Topeka, Kansas; Frank Stone, Assistant Director of the Kansas State Highway Patrol, Topeka, Kansas, and Chief of Police Stone of the Topeka Police Department were found in conference.

They advised that a confidential informent, a woman, whose name they did not ascertain, had called each of them by telephone at approximately 6:15.

P.M. that evening and advised that she had seen John Karpovicz, a former neighbor of hers, riding around Ripley Park in an automobile that afternoon, and having not seen Karpovicz in the city for the past two years, she observed his movements closely for about two hours, during which time he remained in the park in his automobile. He left the park about 5:30 P.M. that evening and proceeded to the business district of Topeka, she following in her automobile at a suitable distance. It is to be noted that Ripley Park is a city park in the poorer section of Topeka, of about 40 acres, and is about one block from the 1100 2nd Street address. This informent immediately telephoned Sheriff Rogers, Frank Stone and Chief Stone, and they were in the process of notifying the Kansas City Bureau office of this fact when the Agents appeared.

Sheriff Rogers had made arrangements with a confidential informant, a close friend of the Grooms family and Karpovicz, to observe the movements of Karpovicz closely and report them to the Sheriff. Frank Stone had already placed men in tourist camps in the vicinity of Topeka as well as all possible points of contact for Alvin Karpis in that city. These arrangements had been perfected prior to the time of the Agents' arrival at the conference.

Due to the fact that it was necessary that Agent Norstrom return to Kansas City on subpoena, Special Agent Walch continued the investigation at Topeka, Kansas.

On July 1, 1935, Special Agent Welch interviewed Albert Grooms and endeavored to enlist his cooperation in conducting the surveillance of John Karpovicz's activities at Topeka, however, Grooms advised Agent Welch that he would not cooperate with the Bureau, in that he felt quite angry over the constant surveillance made of his home by officers of the Topeka, Kansas, Police Department, both during the instant surveillance and at other times. Grooms further advised that even the Alvin Karpis did make an appearance in Topeka, he would not report the fact to law enforcement agencies. However, Sheriff Rogers has property the fact to law enforcement agencies. secured the services of an informant, whose name he did not care to divulge, whose father is a very, very close friend of John Kerpovicz. This informant will observe Karpovicz's movements closely and report them in detail to Sheriff Rogers. It will be noted that Karpovicz is supervising the painting of his home in Topeka and it is not known how long the duration of his stay in Topeka will be. However, the surveillance of the Grooms' home and the activities of 3 Karpovicz will be continued with the assistance of local law enforcement agencies.

On June 28, 1935, the following investigation was made by Special Agents A. E. Farland and E. L. Cochron, interviewing Volney Davis at that time at the United States Penitentiary for the purpose of ascertaining information relative to his association with one Matthew Gleason:

At the time Davis was interviewed by Agents Farland and Cochran at the United States Penitentiary at Leavenworth, Kansas, his morals appeared to be rather low. He stated that his perents, particularly his mother and father, had come to the prison for the purpose of visiting him and the visit was not allowed; that he had been visited by an attorney, Mr. Lee Bond, of Leavenworth, Kansas, who had called on him at the request of his mother and father for the purpose of getting certain property which had been taken from him, particularly his money; that he wanted his parents to get what money he had which had been taken from him. He was advised that his automobile had been confiscated by the Government. However, Agents were unable to give him any information as to what disposition would be made of the cash which had been taken from him.

Davis further stated he had entered a plea of guilty, believing that he would be shown some consideration by entering a plea, but that he had been given life imprisonment and had been sent to the penitentiary and had been in solitary confinement since his arrival there. He did not believe, in view of this fact, it would do him any good to furnish the Government any information. However, he stated he was in a position to furnish some information if he thought it would do him any good. He mentioned the fact that if it were not for his father and mother he would do away with himself.

Several hours were spent with Davis but he would furnish no information other than what had already been given and is contained in reports in this case. However, concerning a memorandum book which had been taken from him, on the first page of which was the following notation: "15-16 Main Jack Richards, 467951," he stated that the Jack Richards mentioned was a saloon keeper from Joplin, Missouri, who had a place on Main Street between 15th and 16th.

In view of the fact that Davis was not disposed to furnish any information at this time, it was deemed advisable by Agents to let the matter rest for a day or two and again interview him.

On June 28, 1935, a letter was received from the Chicago office advising that under date of June 14, 1935, the United States Attorney, George Sullivan of St. Paul, Minnesota, had instructed the St. Paul office that the personal property of Volney Davis, now in possession of the Bureau should be turned over to Davis as soon as possible. It is believed that when this information is furnished Davis he might be willing to make a statement.

On June 3, 1935, Frank Stone, Assistant Director of the Kansas State Highway. Patrol, Topeka, Kansas, telephonically advised the Kansas City Bureau office that he had information that Alvin Kerpis and Harry Campbell would shortly make their appearance in Topeka. Special Agents R. P. Shanahan and the writer conducted the following investigation:

At Topeka, Kansas, a conference was had between members of the Kansas State Highway Patrol, Shewnee County Sheriff's office and the Topeka, Kansas, Police Department relative to the above mentioned information. Mr. Frank Stone, the spokesman for the group advised that Detectives Plant and Thompson of Topeka, Kansas, Police Department, had informed him on that date that Bert Campbell, a former Topeka, Kansas, Police Department detective, had advised them that he had received an anonymous telephone call from some woman. She had told Bert Campbell that a girl friend nemed Hazel, who had been living with her at her home in Topeka, but who now resided in Misconsin, had received a letter from Milton, Washington, dated May 28, 1935, and she had taken the liberty of opening it. The contents of this letter as received by Bert Campbell over the telephone are as follows:

"Will be in Topeka sometime next week. 3 of us. Tell Hazel to have Rex see Andy and get us a Ford V8 Coupe. Tell him to put plenty of miles on it so it won't heat. Will pay him when I get there. Will be there sure if everything goes all right.

(Signed) The One that was with you last January 4th.

The anonymous informant further advised Bert Campbell that about this date three men were in Topeka and Hazel knew some of them and that she got another girl to go on a party with them; they contacted a fellow named Andy, a large good looking fellow who took them to a house on the west side of Topeka and then took them out on the Dover Road to Topeka to a liquor plant where a young couple lived.

A few days later the informant asked Hazel who the men were and was informed that one was Alvin Karpis. The other men were known as Cam and Bill. The informant could be no more specific than this concerning the expected arrival of these parties in Topeka and Campbell was unable to obtain from this anonymous person her identity or the identity of Hazel.

The members of the local law enforcement agencies at this conference were not adquainted with the person described as Hazel. All agreed that the Andy mentioned was probably Andy Yoacum, a local bootlegger, and that a surveillance should be conducted as to his activities for a period of a week or so. Agents Shanahan and Norstrom took no part in the surveillance, but arrangements were perfected to notify the Kansas City Bur au office in the event that anything of value developed. However, no further information concerning this surveillance was received until June 28th when Special Agent Norstrom contacted Frank Stone in Topeka with reference to another matter and he advised that nothing of consequence had developed as result of such surveillance, and that it had been given up after about one week.

On June 19, 1935, the Police Department at Springfield, Missouri, telephonically advised the Kansas City office that as a result of a gun fight at Willow Springs, Mo., on the same date between bandits wanted for a night elub robbery at Poplar Bluffs, Missouri, and Missouri State Highway Patrolmen, one bandit had been slain, who the officers said fitted the general description of Harry Campbell. Special Agent R. T. Mann of the Kansas City office immediately contacted George Spencer, Springfield, Missouri, Police Department, who had taken the fingerprints of the slain bandit at Villow Springs, Missouri. The fingerprints of Harry Campbell and the dead men were compared and it was found that Campbell's fingerprints were not the same as those of the deceased.

Reference is made to the report of Special Agent J. L. Madala, Chicago, Illinois, dated 3-30-35, wherein it was requested that the photograph of Jess Doyle be exhibited to Miss Ida Cook, employee of the Cloud County Bank at Concordis, Kenses, in an effort to have him identified as one of the participants in the robbery of that bank on July 26, 1932. On July 24, 1935,

Special Agent F. L. Welch of the Kensas City office exhibited the photograph of Jess Doyle to the following employees of the Cloud County Bank, Concordia, Kensas, in an effort to identify him as a participant in the robbery of that bank on July 26, 1932:

Miss Ida Cook Miss Marie Donahoo Robert Worley Mabel Cox

None of the employees was able to identify Doyle as a participant.
Miss Donahoo stated that she thought Doyle's eyes looked like those
of one of the men, but that she couldn't say definitely that Doyle was
one of the men. Miss Cook stated that she only saw four of the men who
participated in the robbery, but that Doyle was not one of the four she
saw and that the only two she was positive of that did participate were
Karpis and Barker. The four listed above are the only employees presently connected with the bank, who were there at the date of the robbery.

With reference to Bureau letter dated 3-26-35, Special Agent B. P. Cruise of the Kansas City office consulted B. T. Andrews, Superintendent of the Identification Bureau, Police Department, St. Joseph, Missouri. Mr. Andrews withdrew from his file the temporary wanted notices with reference to:

Jess Doyle
Edna Mirray
Harry Campbell
Volney Davis
Villiam Weaver
Harry Sawyer
Myrtle Eaton.

Mr. Andrews had previously withdrawn the temporary wanted notice with reference to Fred Berker.

The temporary wanted notices with reference to Clyde Nimerick, Bureau #77961, and Charles J. Fitzgerald, Bureau #9580, Mr. Andrews stated will be retained in his files. Mr. Andrews also showed Agent the Identification Orders is sued with reference to Harry Campbell, William Feaver, Harry Sawyer and Myrtle Eston, which were conveniently filed in his office as wanted notices.

With reference to Bureau letter dated Merch 26, 1935, on June 13, 1935, Special Agent R. T. Mann of the Kanses City office removed the following wanted notices from the Springfield, Missouri, Police Department files:

Fred Barker
Jess Doyle
Edna Murray
Harry Campbell
Volney Davis
Filliam Weaver
Harry Sawyer
Myrtle Eston.

On June 25, 1935, Mr. J. Sulliven, 2827 Campbell Street, Kensas City, Missouri, and Mr. Paul Weitkem were interviewed at the Kansas City Bureau office by F. L. Welch. Mr. Sulliven stated that he had been living on a farm near/Collinsville, Missouri, until October of 1934, and that a Mr. John Hagan, also had a farm located about one and one-half miles from Collinsville.

Sullivan stated that Hagan drove a large Auburn Sedan and always carried a machine gun in the car, and altho he had no positive knowledge that Hagan had ever robbed any banks he was positive that he was the means of contact for other criminals. Sulliven said that he had seen machine guns and many other types of weapons in Hagan's home, and that he had been there when there were ten or twelve men around.

Sullivan stated that among Hagan's companions was Little Masoo from Minneapolis, Minnesota, and it was his knowledge that Arthur "Pretty Boy" Floyd and Adam Richetti had been at Hagan's farm at one time and that in the summer of 1934 Tommy O'Connor had appeared at Collinsville to see Hagan.

Mr. Sulliven further advised that the officers around Collinsville, Mo., were afraid of Hagan and allowed him to do as he pleased. Mr. Sullivan thought that perhaps the Bureau could send him to Collinsville to assist in securing more information on this hide-out, and his address and telephone number were secured, and he was informed that if anything should some up requiring additional information he might be contacted. On June Mr. 1935, Mr. Sullivan again appeared at the Kansas City office and advised Special Agent Welch that Mr. Jack Pritchard and one Pistol Redmond had just arrived in Kansas City from Humansville and that they had advised Sullivan that while at the home of John Hagan they met a man known only as "Highpower Fingers." Sullivan stated that the only person he knew in the vicinity with a name similar to that was an individual known as Three Fingers High-tower from Chicago, who had been staying with Hagan and who bore a bad reputation. Mr. Sullivan wented to furnish this information in the event it would prove to be of assistance in the future.

UNDEVELOPED LEADS:

THE CHICAGO OFFICE. In that the Kansas City office is not acquainted with what arrangements have been made with their informant to contact Mildred Kuhlman, investigation of this matter is being left to the discretion of that office.

THE KANSAS CITY OFFICE at Joblin, Missouri, after a lapse of a suitable length of time will again endeavor to contact Frank Dixon to perfect arrangements, if possible, to obtain pertinent information from Mildred Kuhlman.

The Kansas City office at the U.S. Penitentiary, Leavenworth, Kansas, will again interview Volney Davis for the purpose of obtaining information relative to his association with one Matthew Gleason.

Reference is made to the report of Special Agent A. J. Horstrem, dated at Kansas City, Missouri, July 5, 1935, in the above entitled case.

The report sets forth information indicating that the local peace officers at Tepekn, Kansas, had perfected arrangements with local contacts, through which they would receive information concerning suspicious activities at the home of Albert Grooms, 1234 Hourse Street, Topaka, Kansas, who is the brother-in-law of Subject Alvin Eurpis. It appears that the arrangements made by the local peace officers produced the desired results when John Eurpovica, father of Subject Eurpis, put in his appearance in Topaka, Kansas, on June 28, 1935. It does not appear from a review of the report that similar arrangements had been made by your effice with local contacts of Topaka, Kansas, to furnish you with any information concerning suspicious persons who might be observed frequenting the home of Albert Grooms.

The Buress desires that you immediately give consideration to all contacts in your district where all important Buress fugitives are limit to appear, and perfect arrangements with local informants to immediately advise your office in the event suspicious persons are observed.

With respect to that portion of the report of reference, setting forth information concerning John Hagam, who resides on a farm located about one and one-half miles from Collinaville, Missouri, the Bureau desires that a very thorough investigation be conducted respecting the setivities of Hagam and his associates. In this connection, it is to be noted that Hagam has recently made advances to the Bureau with the proposition of furnishing information opporting the whoreabouts of Subjects Earpis and Harry Compbell. Every effort should be made to develop confidential informants who will keep your office advised as to the activities of Magam.

Inaamuch as this Swede is supposed to be a golfing associate of HARRISON, BOLTON was questioned regarding golf sources favored by these individuals. He advised that although HARRISON played on practically all the courses in Chicago, he, and this group, seemed to prefer the Harlem Golf Course situated on Harlem Avenue and 12th Street, Chicago, Illinoise

The Chicago Office was notified by teletype under date of June 29, 1935 as follows:

"BREKID. BOLTON claims PETEY and JIBAIE the Swede unknown to him. Advises that Swede who played golf with William Harrison and Willie Heeney's resident of Cicero. True name, address, and hangouts unknown. Harrison advised Bolton this Swede was in Chicago Office last summer. Harrison usually plays golf at Harlem Golf Course, Harlem Avenue and 12th Street, Chicago."

EDWARD GEORGE BREAKER -

Investigation conducted at Taunton Dog Track, Taunton, Mess., and Narragansett Park Track, Pawtucket, R.I. relative to whereabouts of subject William J. Harrison without result. H. McBride, detective employed at \$30, Taunton Dog Track advises subject Harrison seen January, 1935, at Hollywood Dog Track in Florida seeking employment.

Letter from the Chicago office dated June 27, 1935,

DETAILS:

This is a joint report of Special Agents W. F. Keefe and F. W.

Allen.

At the Narragansett Race Track owned by the Narragansett Racing Association, Inc., at Pawtucket, R.I., the above Agents passed the sellers' and cashiers' cages several times observing the employees but no one was observed who appeared similar to the photograph of subject William J. Harrison. The Agents also mingled with the crowd both in the grandstand and club house but no one was observed who appeared to be similar to the photograph of subject Harrison.

The cars parked at the Narragansett Race Track were observed and It was noted that among the cars parked was a 1931 Buick Sedan bearing Flarida 1935 license plates D-10-966. The Jacksonville office advised that this car was registered in the name of William H. Owen, Hieleah Hotel, Hialeah, Florida; that William H. Owen registered at that Hotel November 21, 1934, and checked out March 26, 1935, leaving a forwarding address of 5127 West 30th Street, Cicero, Dlinois.

At about 6 P.L. a man about 50 years of age, 5'4" tell; 180 pounds, gray hair, left the grounds driving the instant car and it was noted that the was no resemblance to subject William J. Harrison and that this person did not answer the description of subject Harrison.

Donald Hay, who employs all the mutual employees, consisting of approximately 400, stated that he failed to identify the photograph of subject William J. Harrison and it was unknown to him. Donald Hay also stated that he travels to all the different race tracks in the country and desired in his office and these were furnished to him. Mr. Hay further stated that he would be pleased to co-operate with the Government in this matter and in the event he receives any information regarding subject, William J. Harrison, he will communicate with the nearest Bureau office.

At the Bristol County Kennel Club, Taunton, Mass., which operates the Taunton Dog Track, the above Agents passed the sellars, and cashiers cages several times for the purpose of observing the employees but none were observed who resembled the photograph of subject William J. Harrison. The Agents also mingled with the crowd at the track but no one resembling the photograph of subject Harrison was observed.

Agents contacted Chief of Police John Diffy of Taunton, Mass, who stated that Edward J. O'Hare, one of the promoters of this track was found to be absolutely reliable, that he insists upon having the highest type, as employee that he can find in the City and that last week he discharged two employees who had been in his employ for the past seven years for having an argument in the presence of the public and that he, Chief Duffy, was sure that O'Hare would co-operate and could be relied upon.

Edward J. O'Hare, promoter of the Bristol County Kennel Club, Taunton, Mass.; on interview stated that he was interviewed in Tanuary of this year in Florida by one of the Bureau Agents concerning William Harrison. He stated that he was acquainted with Harrison; that he employed Harrison at: the Miemi Beach Kennel Club, Mismi Beach, Florida, in 1927, 1928 and 1929; that he gave subject Herrison a job because of his ability to play golf and that sometime in 1929 subject Harrison was at the track under the influence of liquor and that he immediately discharged him from his employ and he has not seen him since that time and he does not know his present whereabouts He further stated when shown the Identification Order of Earrison that It was a very poor likeness and he would never be able to pick Harrison out from the Identification Order photograph. O'Here also stated that subject Harrison wears silver-rimmed glasses and is never seen without a chew of tobacco which he holds in his right jaw. O'Here also stated that he had had a great deal of opposition from the people of Massachusetts in connection with the Taunton Dog Track and that he could not afford to have any fugitive in his employ or found about his premises and that he is ready and willing at all times to co-operate with the Government in apprehending subject William Harrison.

o Hare further stated that his home is in Si. Louis, Miscouri; that he acquainted with one Leo Cronin of St. Louis, who is at present manager of the dog track at Buffalo, New York, and that Cronin is well-adquainted with subject Harrison and if contacted there is no question in his mind but that Cronin will assist in every way.

Mr. O'Hare called his chauffeur, Henry Beckman, into his diffication.

who was also well-acquainted with subject Harrison. Then shown the photo graph of subject Harrison appearing in the Identification Order which hea been cut out he failed to recognize the photograph and stated that he was acquainted with subject Harrison during the time that he was employed at the Mismi Beach Kennel Club, Mismi Beach, Florida, but has not seen or heard from subject Harrison since he left the employ of Mr. O'Here. - Mr. O'Here elso at teted that one Mr. Simms de a promoter of dog race tracks in Albany and Buffalo and suggested that Simms be interviewed relative to the location of subject Harrison.

H. McBride, a detective in the employ of Mr. O'Hare, formerly a Pinkerton detective, upon interview stated that a person answering the description of subject William Harrison and somewhat resembling the photograph of him, appeared at the Hollywood Dog Track, Hollywood, Florida, in January of this year seeking employment but hes not given a position at that UNDEVELOPED LEAD

The state of the s BUFFALO OFFICE: Is requested to locate Leo Ground, manager of the Dog Track in that City for information concerning the location of subject William J. Harrison In the event Cronin is reluctant to give information regarding subject Harrison he should be edvised that he is being interviewed at the suggestion of Mr. Edward O'Hare. Also obtain the full name of one Simms, who is promoter of the Albany and Buffalo tracks, who should be interviewed concerning subject Harrison.

> Bo: ALVIN RAPIS, with alleson, FUGITIVE, I. O. No. 1218; ET ALI EDEARD SECROS BRAKER - VIOLING Lidzeping.

From a review of the report of Special Agest F. W. Allen, dated at Boston, Massachusette, July 8, 1935, in the above entitled case, it would appear that the Bureak is concorned with only one fugitive, namely, Million J. Marricon, delicate subject of Identification Order No. 1839.

For the information of the Besten Office, the Bureau is conducting on intensive investigation in meanly all of its field offices, looking toward the location and apprehension of the six remaining fugitives in this case, all subjects of Identification Orders, I was the same to the Identification Orders,

The reports submitted reflect that all of the subjests have been associated with one another, and, therefore, when an investigation is conducted with respect to one subject, the other subjects should be given the same investigative ettention.

The Bureau desires that an additional investigation be conducted at the various dog tracks located in your disc : triet, with a view to ascertaining thether any of the fugitives in this case are frequenting those tracks at the present time.

Erie and he agreed to go to Detroit in order to interview his sister at Milan, for the purpose of eliciting from her any information which she may have regarding the whereabouts of Karpis and Campball. He stated he could go to Detroit on Thursday, June 20, 1935 in order that he could be there Friday, June 21, 1955, which is the regular visiting day at the Detention Farm. On the same date, Burdette wrote to his sister informing her that he intended to visit her on June 21st; that he had Superintendent Ryan's permission to do not

On June 20, 1935 agent met Burdette and furnished him with the necessary transportation and expense funds to Detroit. Agent telegraphed the Detroit Office accordingly. Burdette left Eric for Detroit at 3:20 P.M., Eastern standard time, New York Central Brain \$45, Pullman car \$591, seat \$6.

In conversations had with Burdette, at the various times he was contacted, Burdette stated that he had heard that about three months ago Karpis and Campbell were known to have been in Kansas, Oklahoma (Delaware County) and also in a place known as Spring Greek, Oklahoma, (Mayes County); that after Karpis and Campbell had robbed a bank at Meosho, Missouri of about \$18,000.00, they then proceeded to Kansas, Oklahoma and there robbed a bootlegger of about \$100.00. Burdette believes that Karpis and Campbell have hide-outs in the vicinity of Spring Greek, Oklahoma er somewhere along Spring Greek.

The Oklahoma Office on June 24, 1935, was advised of this information by letter and it was suggested that appropriate investigation be made at these two places.

Burdette also stated that he had learned that Vinona had married Harry Campbell in Denver, Solorade, under the name of MARTIN; that Winona also used a fietitious name; that they, however, both used their correct given names. This information was transmitted to the Denver office on June 34, 1935, requesting that they verify the authenticity of this statement.

It was also requested by letter of June 24, 1935 that the Detroit Office question Winona regarding her alleged marriage to Campball, at Denver.

Dear Mr. Hoover:

In Re: Jess Doyle.

Your agents apprehended one Jess doyle in February of this year, and on February 15, 1934, at Kansas City, Kansas, Jess Doyle made a statement to John L. Madala and R. P. Shanahan, special agents of your bureau, in which, among other things, he confessed to participation in the robbery of the Fires National Bank of Fairbury, Nebraska, on April 4th, 1933. He was later released by your department and turned over to the Sheriff of Jefferson County, on a warrant for bank robbery.

A preliminary hearing was had in the County Court of Jefferson County, and he was bound over to the District Court of Jefferson County for trial on a charge of bank robbery. Since that ti e I have been trying to prepare a case for the prosecution. I have had more than fifty witnesses view this man, but I am unable to get more than an opinion that he resembles one of the robbers that pulled the job here, and the opinion of the witnesses vary as to which men he looked like. It seems that I will have to rely almost entirely on his confession, which your agents secured.

I contacted your Omaha Branch office asking to get in touch with John L. Madala and R. P. Shanahan, but was informed that they would not be available for conference, but could be obtained as witnesses for the trial. I cannot got into the trial of this case without first knowing the circumstances in regard to this confession. It would be foolish for me to call the case of for trial and not know what my evidence is going to be. Doyle expects to repudiate the confession. In addition to the information about this confession, your department could probably give me further of

Dear Sir:-

0 RE: ALVIN KARPIS, with aliases -FUGITIVE, I. 0. #1218; et al: EDWARD GEORGE BREMER - V ictim. KIDNAPING.

This morning Special Agent B. F. Fitzsimons, Resident Agent at Mismi, Florida, advised that Federal Judge Halsted L. Ritter at Mismi, received a communication dated July 5, 1935, from Dolores Delaney, complaining that her baby's things, a bed and wearing apparel, which were left in the Thomas home in Miami when she and Alvin Karpis hurriedly left that point in January, 1935, had not been shipped to Karpis' parents in Chicago, Illinois, as agreed.

Judge Ritter referred this communication to Probation Officer William Fox, who in turn handed it to the Marshal's Office. Judge Ritter had previously instructed the Marshal's Office to obtain the aforementioned property and arrange for its shipment.

A Deputy Marshal advised Special Agent Fitzsimons that Mrs. Thomas was holding the baby clothing and a small bed, since after Delaney departed she was required to pay an electric light bill and one or two other minor bills. It will be remembered that Karpis paid the Thomases \$750.00 for the rental of the Thomas' home, and lived therein only from December 16, 1934, to January 16, 1935.

Agent Fitzsimons advised that Judge Ritter is of the opinion that this property should be obtained by an Agent of this Bureau for shipment to Karpis' parents in Chicago.

RECORDED & INDEXED It appears that Wynona Burdette has informed Dolores Delaney that the Bureau is obtaining her effects in Oklawaha, Florida, ment to her relatives in Oklahoma, and now Delaney is endeavoying to he Karpis' relatives obtain possession of her baby's belongings now being held by Mrs. Thomas in Mismi.

thought still to be in the possession of members of the Bremer kidnaping gang.

A circular letter was forwarded to all banks in the State of Tennessee, requesting that the Mashville Bureau office be immediately advised in the event that any \$1,000 bills issued by the Atlanta Federal Beserve Bank, beginning with serial F-00022651A and ending with serial F-00022500A, came into their possession.

On the evening of July 2, Special Agent E. C. Dorris was telephohically advised by the Police Department of Mashville that one of their patrolmen had come in contact with a fruit peddler who stated that he had been delivering vegetables to a man who seemed to be identical in appearance with Alvin Karple: Police Department advised that they did not know the name of this fruit peddler but that this information could be obtained at the drug store located at the intersection of 10th Avenue North and Jefferson Street. Agent Dorris immediately contacted Special Agent in Charge W. A. Smith who, accompanied by Agent Borris, procoeded to the drug store aforementioned and interviewed Mr. Roy Mansfield. Mr. Mansfield advised that the name of the fruit peddler was Frazier, who lives at 1036 Scovel and that his telephone number is 6-5424. Mr. Mansfield advised that Frazier had been in the drug store some nights before and, while looking through the True Detective Magazine, saw a picture of Karpis and stated that he had delivered vegetables to a man on his route who is identical in appearance to Karpis. Special Agent in Charge Smith and Agent Dorris than proceeded to the home of Paul Frazier and interviewed him and there he stated that on Saturday, June 29, 1935, at the Outwater Apts., located at 1226-28 16th Avenue, South, he delivered some 💝 groceries to an individual who looked identical to the photographs he had seen of Karpis appearing in the True Detective Magazine. Frazier advised that he again had seen this individual Monday morning, July 1, in front of the apartment building. getting out of a 1933 Chevrolet Sedan. Frezier described this man as being about six feet in height, twenty-four or twenty-five years old and very nervous in ap-? pearance. Photographs of Karpis were then exhibited to Frazier by Special Agent in Charge Smith and Agent Dorris. Frazier was positive in his identification and stated that M not the man he had seen at this address, he was his twin brother. Arrangements were made with Frazier to meet him the following morning in the neighborhood of 1226 16th Avenue, South, to determine if this individual was still occupying this apartment.

On the morning of July S about ten A. M., the writer and Agent Dorris met Frazier and made arrangements with him to go to 1226 16th Avenue, South, and again try to sell the individual in question some vegetables. Frazier drove his horse and cart to this address and proceeded to the second floor of the apartment building where this individual lived and knocked on the door three times but was unsuccessful in finding anyone at home.

In the meantime, Special Agent J. B. Fitzgerald contacted Mr. John McGhee, city mail carrier #89, Post Office, Nashville, Tennessee. Mr. McGhee stated that he delivered mail to the Outwater Apts. at 1226-28 16th Avenue, South, Nashville, Tennessee, and said apartment building accommodates four families, all of whom he is acquainted with. They are named and located as follows:

1226 lower - Mrs. Davis, a widow.

1226 upper - C. F. Sarvis and family.

1228 lower - Rowe Femily.

1228 upper - McClanahan and family.

The upper apartment to the left is occupied by Mr. C. A. Sarvis, his wife, a daughter aged 14 and two sons, ages 18 and 16 respectively. Mr. Sarvis is a traveling salesman for the Perfection Stove Company and is away most of the time. The daughter and sons attend Hume-Fogg High School, Mashville. Mr. McChee said this femily lived at this apartment for the past three years and and, prior to that time, lived about two years in another apartment to which he also delivered mail. He said his step-daughter was well acquainted with the young people in this femily, that they had been in his home and never were in any trouble nor absent from the apartment for any period of time. He stated he never saw any strange men in their automobiles around this apartment and described Mr. C. F. Sarvis as follows:

Height 6 ft.
Weight 180 lbs.
Hair Quite grey

Remarks: Very gentlementy in appearance and walks very erect.

Mr. McGhee stated further that Sarvis drives an old Chevrolet Seden in which he understands he carries an oil stove which is evidently a sample from the company by which he is employed. After the foregoing information was received from Agent Fitzgerald the writer and Agent E. C. Porris contacted Mrs. Devis, inwho lives on the first floor at 1226 16th Avenue, South. Mrs. Davis advised that she was the owner of instant apartment building and that she was well acquainted . with all the occupants. She stated that Charlie Sarvis lived at 1226 upper. She Stated that he was a married man and had two grown sons and a daughter. She stated that he was a salesman for the Perfection Stove Company and that he had been renting instant apartment for about the last two years and that prior to that time he had lived in the same neighborhood for three years. She advised that Mr. and Mrs. Rows and their two children, a son aged 20 and a daughter aged 18, lived in 1228 lower. She stated that Mr. Rows was manager of the local telegraph company. She stated that in 1220 upper Mr. and Mrs. McClanahan lived and that Mr. McClanahan was a wholesale druggist and had been a tenant of her for about one year. Agents exhibited to Mrs. Davis photographs of Karpis and she advised that she did not know anyone that looked like him and was positive that no one of his appearance lived. in her apartments. Mrs. Davis impressed agents as being a sincere, honest old The section of the section of the

In view of the fact that it now seemed evident that Paul Frazier had been mistaken in his identification of subject Karpis, it was deemed advisable to interview the occupants of 1225 upper in order to definitely determine that no one of occupants was actually subject Karpis. Accordingly, the writer and Agent Dorris went to the apartment occupied by Mr. Charlie Sarvis and family. After knocking at the door for some time a young man finally appeared to answer the call.

He was about six feet in height, seemed to be about the age of from twenty-two to twenty-five years old, weight about 160 pounds and had blue eyes anddark hair. His face was somewhat similar in appearance to that of Karpis. He seemed quite nervous and has a defect in his voice and stutters a great deal. He advised that his name 🔯 is Charles Sarvis and that his father is C. F. Sarvis and that he was not at home. Charles advised that he had a brother by the name of Robert and that he was present. ly working at a laundry located near by. Agents then proceeded to the neighborhood laundry and contacted Robert Sarvis. He was a young man about six feet tall and looked to be about 17 years old. It was deemed unnecessary to contact Mr. C. F. R. Servis, Sr., for identification purposes in view of the information received from the mail carrier and Mrs. Davis. The party that Frazier evidently identified as the Karpis was Charles Sarvis, Jr. Charles looked somewhat similar to Karpis and sould quite easily be mistaken for him by one not fully acquainted with an accurate description of Karpis and his character. Agents closely examined Charles Sarvis and are positive that he is not subject Karpis and that subject Karpis is not known and has not been seen in the neighborhood of 1226 and 1228 15th Avenue, South.

In the report of Special Agent R. C. Suran, dated May 1, 1955, St. Paul, a lead is set out for the Nashville Bureau Office to conduct investigation at Chattanooga, Tennessee, and vicinity, with a view to locating Myrtle Eaton and William Weaver. The necessary investigation has been conducted at Chattanooga, as set out in the report of T. W. Dawsey, Nashville, dated April 19, 1935. Special Agent Suran's report indicated that a post eard written to Andrew Rothmeyer at St. Paul, Minnesota, by Myrtle Eaton at Chattanooga, Tennessee, would be obtained and information appearing thereon forwarded to the Mashville Bureau Office.

INDEVELOPED LEAD:

THE ST. PAUL BUREAU OFFICE, at St. Paul, Minnesota, if they have sobtained postal card received by Rothmeyer and written by Myrtle Paton, will Torontomy information appearing thereon that might be of value in locating subject Eaton and Weaver to the Nashville Bureau Office.

Dear Sir:

Beforence is made to the report of Special Agent C. M. Cleon, New Orleans, Le., dated July 2, 1935, which contains an undeveloped lead requesting the Cincinnati Office to furnish any information in the files regarding the relationship of James A. Moran with subject Dr. Joseph P. Meran.

Examination of the files reveals that the pass of James A. Moran proce in connection with the second and associate of subject William J. Marrison and so far as this effice knows, is in no way related to Dr. Joseph P. Moran. The mail cover in question had been absolute to the pass of the pass of the first of these in

In view of this situation it is suggested that the New Orleans Office discontinue all inquiries regarding Jenes A. Moran.

KIDMAPING.

Reference is made to your letter, dated June 81, 1835, addressed to the Chicago Bureau Office, with reference to a recent communication received from Mr. Frazier Beams, Prosecuting Attorney at Tolodo, Chio, wherein it appears that he requested assistance in determining the identity of the owner of a 1935 Ford V-8 Soupe, bearing Illinois license \$467-618 or 467-618.

Please be advised that a check of the automobile licenses as issued by Secretary of State of Illinois reflect that license plates \$467-615 were issued to Martha Stafford at Kinesia, Illinois,

Mr. Richard Lawrence, Postmester, Rincald, Illinois, advised Special Agent D. S. Hostetter that Martha Stafford and her hasband, Ellis Stafford, who is employed at #7 soal mine, have both resided at Kincald, Illinois for the past three years and are considered respectable citizens in the community. From observation, it was determined that a black 1951 model A Ford Coupe, bearing 1935. Illinois license #467-615 was parked beside the residence of Mr. and Mrs. Ellis Stafford, however, neither of these individuals were interviewed, inasmuch as both were absent at that time.

In view of the above information, it was deemed inadviseble to conduct further investigation at Kinceld, Illinois.

This person departed from Vallejo shortly after November 20th. 1954, presumably for the east. Dr. Sale advised that Fitzgerald was operated on for an improperly set fracture of the hip. Be was tohave returned to the Vallejo General Hospital some time in Jamary or February, 1935 to have certain pegs removed from the bones of his leg, but he did not return. It may be mantioned that the arrangement for his return was made prior to the above referred to harboring investigation which resulted in the comviction and sentencing to a Federal Penitentiary of Thomas C. late Table, which is operated by Tames ichn, and William Graham, and that he in the past has been well acquainted with the latter two individuals, but feels now, like all the other good citizens at the lake, that they are in hindrance and that the lodge is an incubator for criminals. He stated he recalled seeing haby Face lelson at this lodge, Alvin harpis, William relamble and numerous other persons whose names had been mentioned frequently in each health with investigations conducted by the Federal Severment and leading police departments throughout the United States. He advised any assistance he could give the Federal Eureau of Investigation he would do so and help clean up lake Tables and Reno, hevada.

Acting Chief of Police Brady advised the writer he had assigned Detectives and Welliver and George Fletcher to assist the writer at Reho in connection with the possible location of fugitives manted by the United States Government. He advised Fletcher knew Alvin Karpis, inasmuch as Karpis resided next floor to Fletcher when he was in Reno, and had met him and conversed with him, and that his services would be invaluable to the Government in locating Karpis in event he came into or near Reno.

In this connection it might be stated that both Detectives Welliver and Pletcher were interviewed and they edvise they had received some confidential information which was reliable to the effect that there were three men at Reno and its vicinity close to the California Yevada line, who were manted by the U.S. Covernment; that these individuals were mown to Scarface Sullivan, a partner of William Traham and Tames Loway, leading samblers at Reno and now under indictment in U.S. District Court, Southern District of Few York, for violation of mail fraud statute. They stated it is possible krs. Sullivan is making the contacts with these individuals at Welley Hot Springs, which is nearly country that Lester M. Gillis, alias Daby Face Helson, had while he was in Tevada during the latter part of 1934. Detective Welliver stated he believes one of the individuals is Alvin Karpis and that he and Detective Fletcher will lend every effort to determine the identity of these individuals and communicate with this Agent in event any information is secured by them.

In connection with take Tahoe, Hevada, the writer has secured the promise of cooperation from Maynerd Kenny, former Reno police efficier, now employed by Braham and McKay at Cal-Reva Lodge, to Keep a sharp lookout for all individuals that might be wanted by the Federal Government, particularly alvin Karpia, Dr. Joseph P. Moran and Harry Campbell. He states he will lead every effort to assist the Government along these lines, Inaxmuch as he believes it is the only thing he should do as an American citizen, and further for the reason that there might be some possible financial compensation in event leaders does locate anyone of the important fugitives for the Severiment.

The State of California has increased its Fighway Patrol along Take Tahoe, Tevada, to four men this summer, and they have promised fullest co-operation; they have been furnished all identification orders relative to important fugitives wanted by this Bureau.

All contacts at late Tahoe and Reno will be re-interviewed weekly if possible and every effort will be made to secure some possible information as to the present thereabouts of persons wanted in connection with this case.

TEDRVELOPED LEADS

Salt Lake City Office: At Reno, Nevada, will conduct further investigation among the various sources of information to determine whether or not any of the persons wanted in connection with this case are located in or about Reno and Lake Tahoe, and secure any information which might lead to their present location.

Nes - 2:00 P. S.

RE: MERTON WARD GOODRICH with aliases - FUGITIVE, I. O. \$1243; Unlawful Flight to Avoid Prosesstion

The writer interviewed Dr. Edward J. Ryan of Evanston, Illinois, who is President of the Chicago Bental Society and editor of Oral Hygiene and "The Dental Digest". The combined circulation of there two magazines is approximately 100,000. "Oral Hygiene" is distributed free of charge to all practicing dentists in the United States.

In discussing the identification order issued on Merton Ward Goodrich, Dr. Ryan stated that for the purposes of sight identification by a layman the description given thereon relative to the teeth was adequate. He stated, however, that a scientific description of the teeth and dental work of Goodrich would enable any dentist to mentally picture what the teeth of Goodrich actually looked like. It may be stated at this point that in the July issue of "Oral Hygiane" a description of Goodrich, together with the description of his teeth, as appearing on Identification Order No. 1243, 18 being published.

Dr. Ryan also discussed the possibilities of a standardised classification for the purpose of identification according to peculiarities of the teeth and eral eavities. He stated that it is quite generally agreed among dentists that no two dentifications are alike. He stated that he was not mathematician enough to state the probabilities or possibilities of any two persons having like dentifications. This is due to the fact that teeth differ as to size, form and shapp, the arch formation, the alignment of teeth, the relationship between the two jaws, etc. He also stated that the shape of the roof of the mouth does not change from maturity until death. He stated that there are several factors, aside from the teeth themselves, that could be standardised.

RECORDED & INDEXES

It is the opinion of Dr. Ryan that some form of identification would be worked out whereby codes and charts could be used and dentists circularized. He stated that he had not gone into this matter thoroughly enough to at this time suggest any standard classification for the purpose of identification by teeth. He stated that it would be about five minutes work for a chart to be made of a prisoner's teeth when he is admitted to a penitentiary. When asked

concerning the possibilities of dentists maintaining charts of the patients in their offices, he stated that many dentists do not make a chart, elthough the better class of dentist does. He further stated that it would be necessary to educate dentists to chart all dental work and the fernation of all teeth appearing in the patients wouths.

Dr. Ryan exhibited a scrap-book which contained newspaper dispings of identifications of dead persons made through dental work. Dr. Ryan was asked what information would be most helpful to a dentist to whom the body was not available for the purpose of making an identification by means of teeth. He stated that the most complete method that could be used for the purpose of circularizing all the dentists would be to have a dentist make a chart of the unidentified dead person's teeth which would be published. Also there should be published a scientific description of all the teeth, together with a photograph of the teeth, if possible. He stated that the taking of photographs of teeth would be a comparatively simple matter if there was no flesh left on the body. However, he stated that, if the head of an unidentified dead person still possessed flesh, a photograph could be taken by a commercial photographer under the supervision of a dentist.

Dr. Ryan was informed that a body had been recovered from the Detreit River and that the Bureau was anxious to identify this person. He stated that the best means of circularising dental information to members of that profession would be by charts, photographs and scientific descriptions, as above polated. He further suggested that, if it had not already been done, Dr. Ployd Straith, an oral surgeon in Detroit, would be an excellent man to prepare such sharts.

As the writer accompanied Dr. Ryan to the office of Hr. Ceffey, Dre Ryan stated that he believed his trip to Washington had been well worth while because of the opportunity of viewing the Sechnical Laboratory and the Identification Divisions

Re: ELVIN KARPIS with aliases, FUGITIVE, I. O. 1215, ET AL, Edward George Bremer, Victim KIDNAPING.

Dr. Edward J. Ryan of Evanston, Illinois, who is President of the Chicago Dental Society and editor of "Cral" Hygiene" and "The Dental Digest", called at the Bureau and offered assistance in the patter of identifying and locating fugitives in Bureau cases.

In connection with the body which was received from the Detroit River, which has not as yet been identified, ... Dr. Ryan suggested that a detailed chart of the teeth be prepared, together with a photograph of the teeth, to be used in circularizing all dentists in the Chicago area with a wife in circularizing all dentists in the Chicago area with a view to possibly establishing an identification. Dr. Ryan suggested that the services of a commercial photographer be employed, under the supervision of a dentist, and stated that Dr. Floyd Straith, an oral surgeon of Detroit, Michigan, would be an excellent person to prepare the charts and supervise the photographing of the teeth, and would gladly render any additional Bervices to assist this Bureau.

Mr. Conroy telephoned from the Kansas/City Office with reference to his telephonic conversation with me on the afternoon of July 3, 1935, at which time he informed me that he was going immediately to Joplin, Missouri, to see Agent D. He said that upon contacting Mr. Bryce, he learned that the situation is this: Leonard Short, who is involved in the robbery of the banks at Okemah, Oklahoma, and who is a brother of Congressman Dewey Short, has made the proposition to Mr. Bryce that if his bond is reduced from \$50,000 to \$25,000, he would accompany an Agent of this Bureau, and within three or thirty days, will locate both Karpis and Campbell; that, however, if he does this, the charges against him in connection with the robbery of the banks at Okemah, Oklahoma, must be dismissed. Mr. Conroy said that he told Bryce that we cannot deal with Short on this basis under any circumstances; that if will furnish us with information which leads to the apprehension of Karpis and Campbell, we will see that the same is brought to the attention of the United States Attorney when Short is brought to trial. As another angle on the Karpis-Campbell situation, Mr. Conroy said that after talking with me on the afternoon of July 3, 1935, he received a call from Special Agent in Charge Purvis of the Chicago Office, and also from the Operative in Charge of the local office of the Secret Service, about one John Hagan, who was the subject of an Identification Order issued by this Bureau, and who is the person supposed to have received the \$25,000 reward offered for information leading to the arrest of the murderess of Jack Lingle, the reporter for the Chicago Daily News. Later, Hagan called at the Kansas City Office in person and stated that he has an informant who within the last few days has seen both Karpis and Campbell. DETAILS:

by the Detroit Bureau office on 7/5/35 from Lieutenant
Rueben Orr of the Detroit Police Department Detective Bureau. Lieutenant
Orr advised that he on 7/5/35 had received a telephone call from one
Mrs. Anderson residing at 6241 Penrod Avenue, Detroit, Michigan, informing him that she had been told by her landlord, Edward A. Gowdish, that
he, Mr. Gowdish, had a tenant in one of his houses whom he thought to
be a police character, and whom he thought bore a resemblance to Alvin
Karpis.

Lieutenant Orr upon interview stated that Mrs. Anderson had told Detective Larue of the Detective Bureau with regard to the above information and that Detective Larue had contacted Mrs. Anderson, but was unable to obtain any further information from her than that related above.

It was ascertained that Edward A. Gowdish resides at £ 5473 Kendall Avenue, Dearborn, Michigan, telephone number Oregon 3805,

and that he is part owner of the Concrete Block & Products Company, situated at 5740 Martin Street, Detroit, Michigan, Garfield 1711; was deemed advisable to openly contact Mr. Gowdish concerning the information he had provided Mrs. Anderson relative to a tenent of his being a police character. However, upon interview by the writer, Mr. Gowdish was not informed that information had been received from Krs. Anderson in this matter. Mr. Gowdish stated that he had had a tenant living in a house owned by him for the past four and a half months, the name of the tenant being Dave Hogg, and that he was living on the second floor of a house at 7524 Anthony Street, Dearborn, Michigan. Gowdish further: advised that he has had considerable difficulty in collecting rents from Hogg and that each time he has visited the Hogg family for the purpose of collecting rents, Mrs. Hogg has enswered and asked who was there. Accordingly Gowdish thought that Hogg was a wanted police character inasmuch as he, Hogg, never came to the door, and for the further reason that the neighborhood in which Hogg resides a few years ago was the hideout for kidnap victims. Mr. Gowdish has seen photographs of Alvin Karpis in the newspapers and he thought that Hogg bore a resemblance to Alvin Karpis. He stated that Hogg is five feet nine inches in height, weighs 125 to 130 pounds, slender in build, has dark brown hair, bulgy eyes, color thought to be blue, and that he is between 30 and 35 years of age. He further stated that Hogg was a musician playing a trumpet at the Paradise Caves Tavern on Fenkell Avenue between Livernois and Wyoming Avenues in Detroit. He further advised that Hogg is married and has two children, and that it is his understanding that either Hogg's or his wife's parents reside at the corner of Diversey and Anthony Streets in Dearborn, Michigan. 'Mr. Gowdish was shown photographs of Alvin Karpis, as well as those of other members of the Karpis-Barker gang, and he failed to identify the photograph of Alvin Karpis or any of the other photographs as being identical with Hogg. :

Agent interviewed Chief of Police Carl Brooks of the Dearborn Police Department, and from him learned that he was personally acquainted with Gowdish; that Gowdish a few years ago had been in receipt of an extortion letter, and that his officers had maintained an unproductive plant on the spot where Gowdish was supposed to pay the sum ... of \$200, as demanded by the extortion letter. He further advised that Gowdish has a highly imaginative mind and that he was in great fear of being murdered as a result of receiving this extortion letter, and that he, Gowdish, had asked Chief Brooks to approve the issuance of a permit for him to carry a gun for his protection. However, Chief Brooks stated that he had denied this request of Gowdish for the reason that he thought : unfounded, and that he considered Gowdish a little mentally unbalanced. He further stated that Gowdish had provided information to the Dearborn Police Department in the past which information was purely a creature of the imagination, and it was ascertained by his officers to be totally

erroneous

Chief Brooks further advised that at the corner of Diversey and Anthony Streets in Dearborn, Michigan, the family of David Hogg resides, and that this family is personally known to him and are regarded as being highly respectable citizens in the community. Further, that Dave Hogg, the son of Mr. and Mrs. David Hogg, is a peaceful, lambdiding citizen, and the worst that could be said about him is that he has been in poor financial straits; that if Dave Hogg has been doing any "dodging it has been from bill collectors."

In view of the above information it was deemed unnecessary to conduct any further investigation relative to this unfounded report that Alvin Karpis was residing in Dearborn, Michigan, and also in view of the fact that Chief Brooks has stated that if Alvin Karpis were residing in Dearborn, Michigan, his department would surely know about it, inasmuch as he claims that he has four informants in Dearborn, Michigan, who are in touch with every criminal situation in the city.

Dear Sir:

Your letter dated May 31, 1935 quoting a telegram received from Twilight Lodge, Ashcroft, British Columbia, was referred to Special Agent W. G. Banister, who was in Vancouver, B. C. at the time, for handling.

Agent Banister contacted and was informed that Twilight Lodge was probably a small notel or Tavern located at Wright, B. C.; that all telegrams in this territory are sent by way of Ashcroft and that Wright, B. C. is located about twenty five miles Northwest of the one hundred mile house. This is in what is known as unorganized territory and it would take approximately a week for an Agent to make the round trip to this place.

Agent Banister phoned this information to Special Agent in Charge E. J. Connelley at Tacoma, Washington and was instructed to secure the desired to request information.

a copy of the telegram and requested that the identity of the sender be ascertained and all information in his possession concerning the whereabouts of subject Karpis be ascertained. requested that Identification Orders of the subjects in this case be furnished him

Laboratory Report

July 8, 1935

Case: Alvin Karpis with aliases -

Fugitive, I. 0. #1218, et al.; Edward G. Bremer - Victim,

Kidnaping.

Specimens:

Eight fingers of an unidentified dead man.

Examination requested by: Detroit Bureau Office.

Date received: June 22, 1935.

Examination requested: Fingerprint and blood test.

Result of examination:

Examination by: Donaldson.

Major R. O. Dart, Curator of the Army Medical Museum was consulted concerning the possibility of developing ridge detail on the fingers submitted in order that the fingerprints could be taken. Major Dart could offer no further suggestion as to methods to follow and it is his belief that the fingers had perhaps become desiccated to such an extent prior to shipment that it made it impossible to develop the ridge detail.

An attempt was made in the Laboratory to obtain group specific reactions for the purpose of determining the blood group of the individual but with negative results. It will be noted that a small part of the specimens were used up in this test.

The remaining specimens are being returned to your office, preserved in ten per cent formaldehyde, and it is suggested that they be returned to the coroner or other officer for such disposition as is usual in these cases.

D. C., one Seymour Fox, who is connected with the boxing commission at Miami, Florida called at the Bureau and in conversation with Mr. R. E. Newby and the writer advised that he thought the horse track at Dayton, Chic would be a good place to look for subjects Karpis, Campbell and Willie Harrison. Mr. Fox could not set out any particular reason for this statement, but said that if he wanted to find these persons he would go to Dayton. It was recalled that Attorney John Egan, Dayton, Ohio had written a letter to the Clark of the U. S. District Court in a Miami, Florida requesting information as to the sentence imposed upon (2) Dolores Delaney, also data as to whether the term of Court during which she was sentenced had terminated and if the same term was not in session. when the next term would meet. In view of this fact Mr. Newby instructed appropriate inquiries at the Dayton Jockey Club.

On June 28, 1935 Special Agents J. S. Johnson and S. K. McKee attended the races at the Dayton Jockey Chub. It was noticed that there are very few \$5.00 windows at this Club and only one \$10.00 @ A window. During the course of the races on June 28 no one was observed making a \$10.00 bet and there were very few \$5.00 bets. Observations at the betting windows failed to indicate the presence of any person? resembling either Karpis, Campbell or Harrison.

Observations were also made at other parts of the Club grounds but with megative results. It is to be noted that Attorney John E. Egan is Treasurer of the Dayton Jockey Club. The present meeting at the Dayton Jockey Club ended on June 89, 1935.

On July 5, 1955, Special Agent S. K. McKee attempted to locate John E. Egan for interview. His Secretary stated that he was away from the City and she could not state when he would return. Inquiry was made of her regarding the letter written to the Clerk of the District Court in Miami, Florida concerning Dolores Delaney and she advised that she had written the letter on instructions of Mr. Egan and did not know his: reason for having written same. She advised that she would be glad to it have Mr. Egan communicate with Agent upon his return to the City and stated she felt that he would be willing to furnish any information desired as to the letter in question.

Under date of July 5, 1935 Egan communicated with the writer wia long distance telephone at the Cincinnati Bureau office and informed that he had written to Mismi, Florida regarding Dolores Delaney merely through his own curiosity. He stated that he had never had any contact with associates of the Delaney woman; did not desire to have any such persons as clients and was positive in his statement that no one had contacted him with respect to the Delaney woman.

This statement on the part of Attorney Egan seems highly improbable and for that reason further investigation regarding him will be conducted. I letter his been equal at Deyton, thio, requesting that a cover be plan Thirty days. Efforts will be made to secure information

AT HARRISON, OETO - INDIANA

Om the night of July 3, 1935, Special Agents H. D. Harris and S. K. McKee attended the races at the Harrison Kennel Club, Harrison, Ohio. It is to be remembered that Danny McFarland of Chicage, Ill., who has been intimately associated with subject Willie Harrison in the past, when interviewed by the writer at Mismi, Florida during April, 1935 stated that he felt Willie Harrison might frequent the dog races at Harrison, Ohio. It should also be stated that Typist Christian Eckerlin advised the writer when the subject of the Harrison Kennel Club was broached, he had a distant relative by the name of Frank Falk, who owns a kennel of dogs, which he is presently racing at the Harrison Kennel Club. Christian Eckerlin ascertained that Falk occupies box & at the Harrison track and resides on Clovernook Avenue, North College Hill, Ohio. He also stated that he felt Falk would be more than glad to furnish any information desired as to the track or persons whe frequent sems.

Observations at the Marrison track failed to locate any persons resembling the subjects of this investigation. It was noticed that there is only one \$5.00 window where bets are taken and that this window is used for straight, place and show tickets. There is no \$10.00 window and it should be stated that the play at the \$5.00 window was very slow.

Frank Falk was contacted at the track by the writer and an appointment was made for interview on the following days

Esnuel Club was purchased approximately two years ago by a stock corporation from the Bill Dayer interests of Cincinnati, of his own volition he informed that interests with which Joe Adams of Miami, Flatis associated attempted to acquire control of this track about a year ago, but without success. Falk said that the stockholders of the Marrison track are made up entirely of people from Harrison, Chio, Borth College Hill, Chio and Cincinnati, Chio; that there are a large number of stockholders and that none of them own a considerable amount of stock. He stated that no large bets are placed at the track and that he was certain the place is not frequented by professional gamblers. Falk was very frank to state that the track is operated by virtue of a fix with the Indiana authorities, as is the dog track located at Jeffersonville, Indiana.

In response to inquiries Falk stated that so far as he knows the dog track at Jeffersonville, Indiana is controlled by Joe Adems, Tom Hogan, Carson Bradford and one Gleason, who originated in St. Louis, 2000 Mo. He stated it is common knowledge in the dog racing world that the Jefferson track is a "hoodlum set-up". He stated that during the past ... three years he raced his dogs at Jeffersonville and came in contact with... many persons there whom he regarded as "hoodlums". In this connection he said he classed both Joe Adams and Carson Bradford as "hoodiums". Falk. was shown photograph of subjects Karpis, Cambell, Weaver and Harrison & and he identified the photograph of Harrison as an individual with whom he had an altercation at the Jefferson track during the Spring of 1954. He was unable to identify any other photograph. He said Harrison was: very friendly with a dog owner some place in Indiana known as "Kokomo Jee" (surname unknown(s that Harrison would hang around the paddocks and get , information from owners through "Kokomo Joe" and then place bets at the windows. The altercation resulted from Harrison having asked Falk for information on a dog named "Wild Clover"; Falk said he did not know what the dog was going to do and when he won the race Harrison became angry and wanted to start a fight but was quieted by one McGowan, a trainer who is presently at the dog track at Revere, Masse. Falk claimed McGowan is "no good" and is the type of person who could not be safely approached . in this investigation. It was also stated that Carl Kaufman, who is the racing Secretary at Jeffersonville is a person who would know about 1992 such persons as Harrison frequenting the track and who might be in a 🔾 position to get in touch with him. Falk stated, however, that he did not think it would be safe to approach Kaufiman for interview. Falk advised that there is a dog owner named Dennis Callahan who races his dogs in

Jeffersonville and who might be there at the present time. He said Callahan is a high type man and could be safely approached for information with regard to this case.

Breeders' Association and seems to be a high type individual. He said he would communicate with the Cincimati Bureau office if he obtained any information of value to this investigation.

At the time of interview with Frank Falk he mentioned the fact that he, along with other members of the Ohio Greyhound Breeders Association had been active during the past Spring in endeavoring to a secure the passage of legislation which would legalize dog racing in Ohio. He stated that the necessary legislation was due to be passed making it legal to operate one track in all Counties except those of more than 750,000 population, in which cases two tracks would be permitted. He stated that during the course of the negotiations regarding this legislation it was learned that Joe Adams and a man mamed & Enight from Mismi, Florida flew to Cleveland, Ohio and through the use of influence in that City had the Bill changed to the extent that four tracks would be permitted to operate in Counties of more than 750,000 population. This set-up, according to Falk was undesirable and through the use of influence in Cincinnati and other parts of the State, the Ohio Greyhound Breeders Association managed to have the entire Bill killed. He stated that members of the association consider the above action on the part of Adems and Khight unwarrented and feel very badly towards them. According to Talk there is no dog track operating in On July 5, 1935 Frank Falk communicated with the

On July 5, 1935 Frank Falk communicated with the writer by telephone and stated he had been in touch with one Massner who is Manager of the Harrison Kennel Club and who can be reached on Cincinnati telephone Parkway 5276; that Massner had told him he was in a position to furnish information of value, and that he would be willing to talk with an Agent. Effort was made to reach Massner for interview but with negative results.

CLEVELAND OFFICE at West Dover, Chic will escertain identity of J. R. Benham and learn if he still has this year's license plates YP 529 in his possession.

At Klyria, Chio will make appropriate inquiries someorning L. P. Kaiser and ascertain if he still is in possession of this year's year's automobile license IP 328.

For the information of the Cleveland Office and in way of background as to the above investigation, there is being attached hereto one copy of the report of Special Agent F. M. Headley, Chicago, Illinois 6-28-55. This report should be returned to the Cincinnati office when it is has served its purpose.

INDIANAPOLIS OFFICE at Jeffersonville, Indiana will ---conduct investigation in an effort to ascertain if subject Willie Harrison is frequenting the dog track located at this place. It is suggested that it be ascertained if Dennis Callahan, dog owner is racing his dogs at this track and if so, he should be interviewed for information of value It is also suggested that effort be made to effect an arrangement through an informant who can learn from Carl Eanffman, racing Secretary, data as to the whereabouts of Harrison.

and Campbell, at this time, and asked each bank to forward to this office any information obtained regarding any bills with the serial numbers in question.

Reference is made to the letter from the Pittsburg, Pennsylvania Office, dated June 84, 1935, regarding an interview with Arthur P. Burdette, brother of Wynone Burdette, at Brie, Pennsylvania. In April of this year, Aeron Burdette, brother of Arthur, was interviewed at his home near Kansas. Oklahoma, and appeared very anxious to assist in apprehending Harry Campain bell. The night after this interview he communicated with Special Agent Whelan and the writer, at Tulsa, Oklahoma, and stated that he had definite information that Karpis and Campbell were in that neighborhood, in company with a fugitive by the name of Stoneburner, who is wanted by the Bureau, at : [35] the present, in connection with another case. When Burdette was interviewed concerning this information he stated that he had no definite information that Harry Campbell and Karpis were in that neighborhood except that he knew Stoneburner was an outlaw, and reasoned that as all outlaws stay together, Campbell and Karpis may be with him. The result of that investigation was reported in the Stoneburner case, though it was very evident that Stoneburner, as well as Karpis and Campbell, were not in that neighborhood and it was some other unknown person who held up a bootlegger at Kansas, which is Oklahoma and robbed him of about \$100.00.

Spring Creek, Mayes County, Oklahome, is near Kansas, in Delaware County, Oklahoma, and the information about Karpis and Campbell being near to Spring Creek had the same origin. It is definitely known that Karpis and Campbell were not connected with the robbery of a bank at Neosho, Missouri as the recent robbery of a bank at that place has been completely solved. It is apparent that the information obtained from Arthur P. Burdette was obtained from his brother Aaron, and for the above reason, no further investigation will be made in that regard, as it is conclusively apparent that the information is of no value.

On June 13, 1935 a telegrem was received from the Chicago Office requesting complete information on 1935 Oklahoma license No. 98-4-675.

Special Agent B. L. Demron contacted the State Highway Commission, State Capitol, Oklahoma City, and ascertained that this license had been issued on April 3, 1935 to the Tom Cooper Motor Company, 201 West 10th State Oklahoma City, and for a 1951 model Cadillac Coupe, Motor No. 1002552, and that their records showed no subsequent transfers of this car or license after April 3, 1935.

Inquiry of the Tom Cooper Motor Company disclosed that the above mentioned Cadillac Coupe, together with the 1935 Oklahoma license attached thereto, was sold on May 8, 1935 to Sam May, who gave his local address as

the Wells-Roberts Hotel, Oklahoma City, and business address as \$640 Belmont Avenue, Chicago, Illinois. At the time Mr. May purchased this automobile it? Was financed through the Finance Auto Investment Company, who, upon inquiry, advised that the only information appearing among the finance records was that Sam May is a salesman for the Valley Manufacturing Company, 2640 Belmont Avenue, Chicago, Illinois.

The substance of the above information was forwarded to the Chicago Office by telegram of the same date.

An interview with Enmett Welch is reported in the report of the writer, dated June 17, 1955, wherein he advised of his willingness to assist the Bureau in apprehending Harry Campbell, with whom he is very well acquainted, Campbell having lived with him and his family, at Evansville, Wyoming, for about three years. At the time of the interview Welch expressed the opinion that Oscar Felt, a bootlegger at Evansville, is unreliable, and may aid Campbell if the opportunity arose. Since that interview Welch has contacted Agent A. Paul Kitchin on two or three occasions, and secured for Agent Kitchin some photographs of Campbell, which he believes to be more recent photographs and a better likeness of Campbell than the one of Campbell on the Identification Order. Welch advised Agent Kitchin that after thinking the matter over very thoroughly, he has concluded that Harry Campbell may be in hiding at the place of Dan Tubbs, at Alcova, Wyoming. He said he had 🏂 heard that Campbell had been seen in this place last fall and as Tubbs is a very close friend of Campbell, as also a friend of other criminals, he believes that it is possible that Campbell may have some contact with him. The penver office is being requested to make some inquiries along this line at Alcova, Wyoming, in line with the other inquiries in investigation that have been made in that vicinity by that office.

With reference to the first report of reference, it will be noted that C. G. Garrett, Manager of the Ambassador Hotel, Tulsa, Oklahoma, was unable to locate the registration card of E. L. Pendleton when he registered at that hotel. Since the writing of that report Mr. Garrett has advised Agent A. Paul Kitchin that he had found this registration card. Agent Kitchin made a tracing of this eard which shows the following registration: "E. L. Pendleton & Wife 625 M. Delaware K. C. Mo." This information is merely being reported for the benefit of the Kansas City Office, concerning any further investigation they may make in Kansas City, regarding Pendleton and his associates.

with reference to Bureau letter, dated June 14, 1935, transmitting copies of a communication received at the United States Detention Farm, Milan, Michigan, addressed to Wynona Burdette and signed "Hy", the following investigation was made by Special Agent John R. Welles:

At Ponca Gity, Oklahome, on June 24, 1935 Edward R. Brewer, a postman, delivering mail to 108-110 South 4th Street, Ponca City, was questioned concerning the persons receiving mail at that address. He stated that only one person received much mail there and his name is Hiram Raifensperger, also known as Hy. Mr. Brewer advanced the information that Raffensperger and his wife formerly lived with Wynona and Jimmy Burdette at the Grand Hotel, 5125 East Grand, and he, his wife and Jimmy Burdette have recently moved to 134 Clenside Street, Ponca City. The test at one time has hed been requested to cover the mover seen any mail addressed to either of them.

At the time agent talked with Mr. Brewer he had, in his possession, a card addressed to Jimmy Burdette, in care of Hy Ruffenpergerr, Grocery and Market Streets, Ponca City, Oklahoma, which read as follows:

Dear Sis I came to visit Wyona see her she looks fine about 10 lbs hevier dont smoke would like to C her often But I cant get any thing to do here so am going Back to Trie Your Loving Bro. Art. 1004 Parade Erie.

It was ascertained from Mr. Brewer and Postmaster Thomas G.

Gammie, as well as Assistant Postmaster E. A. Gillespie, that Hiram
Raffensperger is in charge of the Public Market at the address noted above,
which market is owned by J. F. Erhard. Mr. Raffensperger has worked in
this capacity for the last twelve years or more and is known as a rather
reliable citizen.

Inquiry from the Postmaster and Mr. Brewer developed the fact that there is no one at the Grand Hotel sufficiently trustworthy to be interviewed concerning the connections between Raffensperger and the Burdettes.

It is considered possible that Raffensperger may be a contact man between Harry Campbell and Wynona Burdette.

Jimmy Burdette, as noted above, was obtained and is being held in the Oklahoma City files.

Description of Mrs. Raffensperger, as obtained from Mr. Brewer,

It might also be stated in connection with the above that Hiram Raffensperger kept company with Wynona Burdette, as stated before in reports from this office, the latter part of the time Wynona was in Ponca City, before she left with Campbell the last time. It was Raffensperger who was with Wynona, visiting her hister, Mrs. Wilson, at Arondale, Oklahoma when some man, who is, at present unidentified, called at the Wilson home, "" talked confidentially with Wynona, and apparently arranged with her for the meeting with Campbell. Immediately after she returned to her apartment in Ponca City, Oklahoma, this night, Campbell called for her and she immediately left with him. The investigation is being made by the Oklahoma City Office, at this time, to ascertain the identity of this person who called to see the The following investigation was made by Special Agent A. Paul

Kitohin, June 20, 1935:

Agent was contacted on the evening of June 19, 1935, telephonieally, by Dick Connor, Sheriff at Pawhuska, Oklahoma, who informed that an informant by the name of would be in Pawhuska at noon on June 20, 1935 and desired to talk to either Agent Kitchin or Agent Hansen. is a man that Dick Connor has referred to, to Agent This Kitchin, on several occasions and, according to Connor, he is in position to be of great assistance in locating Harry Campbell.

Agent talked to this man for about three hours on the afternoon of June 20, 1935, and was sold on the possibility that he may be of material use to the Bureau if handled correctly.

stated that he first met Harry Campbell a few weeks prior to the time that Earl Smith, Attorney, was killed by Campbell. He stated that on this occasion, one Clarence Roper, gambler, and gangster, tried to get to handle some diamonds for him that had been stolen by Clarence Hays and his mob, and at the time, Roper was accompanied by Campbell and Glen Roy Wright; that a few weeks later he heard of the murder of Smith and ascertained, to his own satisfaction, that Campbell had done this job. He stated that he saw Campbell no more until about two years ago, when Campbell, accompanied Roper on another trip when Roper tried to sell some hot bonds.

stated that last year he bought a farm

and when he moved out to this farm he found Campbell and Alvin Karpis camped on one of the creeks on his property; that he had had some trouble concerning some cattle that Ed Smith, Osage County? had accused him of stealing and that he mentioned this fact to Campbell who that he and his pal would gladly kill Ed Smith and the whole to the Sheriff and it would not cost him a dime. stated that they left in a few days after he moved and he found about a hat full of empty cartridges (.45 caliber) at the place where they were camped. He said that a while after this, Campbell and Karpis returned; it company with Clarence Roper, to his home, at which time they stopped in front of his house and honked their horn, and he went out; that they had me big bag of money and some more hot bonds that they offered him for 20% on the dollar. stated that last Fall he again found Compbell and Wright camped on his ranch and they they immediately left and stole another car; that the officers from Pawhuska were notified but the license number of the car which they abandoned was given instead of the car which they were driving and therefore the officers passed them on the road but did not know them and they got away.

story was verified by Dick Connor who has great confidence in a connections. It is the husband of and is not in heed of any money and has not suggested that he be paid anything for his services. He drives a new Buick Eight Sedan and is in good financial condition, judging from outward appearances. According to Commor, is a smart outlaw himself, and has been accused of several serious crimes but has always been too smart to get fixed.

states that he is of the impression that Campbell is in hiding in the Osage Country and that due to the fact that he may come back to
his farm he is desirous of seeing him apprehended. He also stated that he
is positive that both Raymond and Walter Dulin know of Campbell's whereabouts
and that he, is very familiar with Walter and will endeavor to ascertain from him any information possible and notify either Agent Kitchin or

670

Dick Conner in the next week or so. He also stated that Clarence Roper is always in touch with Campbell and Karpis and that Roper can be located by discreet inquiries at the Broadway Hotel or through one "Long-goodie" a dope-head in Oklahoma City.

further developments.

It is observed that tells of Campbell and Earpis be-

It is observed that tells of Campbell and Karpis being camped on one of the creeks of his property in Osage County and on a later date of seeing Campbell and Wright camped on his ranch. The dates given by are incorrect as Glen Leroy Wright was apprehended during the late spring of 1954. It is quite definitely known that after Campbell drew away from Wright and his associates in Oklahoma, that he joined up with Karpis and the Barkers and has been with them since and after he left Wright was not with him again to the time Wright was apprehended. The information, therefore, supplied by would not seem to be reliable. The Oklahoma City Office, however, will keep in touch with him until it is definitely known that he has no information of value concerning these fugitives.

The report of Special Agent S. L. Fortenberry, Detroit, Michigan, dated June 27, 1935, which sets out information concerning an interview by Arthur Burdette with his sister, Wynona, at Milam, Michigan, has been reviewed and the contents noted. Most of the information contained therein, concerning the Oklahoma City district is familiar to this office; however, some inquiry will be made in the very near future regarding some of the alleged contacts of Harry Campbell which Wynona mentioned to her brothers.

THE DENVER OFFICE

At Alcova, Wyoming:

Will make some inquiries regarding the possibility of Dan Tubbs having some connection with Harry Campbell at the present time, in line with the facts set out in the details of this report.

it was their judgment in Chicago that Harrison should not be picked up at this time, inasmuch as through Harrison and the woman they believed they would be able to get more valuable information. He says that the point where the woman lives is in a locality where it is not possible to conduct a continued surveillance without arousing the suspicions of the Postmaster; that they would plan not to pick Harrison up, but would let go through with carrying the message, because both of them together will probably lead the agents to Karpis and Campbell. Dear Dad:-

ŝ.

I received your always welcome letter a few days ago and you can bet I am always glad to hear you are feeling alright. So stay right in there and take the very best of care of your Self as I want you in tip top shape when I get out, and if you will just stop and think it wont be so very long now untill I will be out there with you and there wont be any strings on me either. What I mean is we can go where we will want to go and stay as long as we want to, that will mean a lot wont it.

You ask me the year and date of Docks Birth. I had it wrote down some place but for the life of me I cant find it that is one reason I have not answered you any sooner, but the best I remember it is the year of 1900, October 4th. Now Dad that may be wrong I am not sure but you can find out upon your visit here. I hope it wont be long untill I will see you again. You ask about our Ball team. Yes we have played 13 games and lost one, that is pretty good dont you think, and we have had some pretty tough games, but it takes a pretty good team to come in here and beat us. thanks for wishing us luck.

How is Mother Farmer and Jack, be sure and give them my very best wishes the next time you see them and the same goes for Mr. and Mrs. Dixon and the rest of your friends.

Dear Sir:

Reference is made to Bureau letter dated June 26, 1935, relative to a \$5.00 Federal Reserve note, number IO5966583A, which has been identified as one of the notes paid as ransom in connection with this case.

This note was delivered to Mr. C. Dunlop, Comptroller, Federal Reserve Bank of Minneapolis, to be forwarded by him to the Redemption Division of the Treasury Department at Washington, D. C., for mutilation. Another \$5.00 bill was given in exchange for this note, but as the files of this office do not indicate the manner in which Special Agent J. H. Rice obtained possession of this ransom bill, that is, whether he exchanged \$5.00 of his personal funds for it, this office is communicating with the Special Agent in Charge at Oklahoma City, requesting that this information be obtained from Special Agent Rice so that proper disposition of the \$5.00 bill obtained in lieu of the ransom note may be made.

one Frank Sorgee, Jailor, Aiken, South Carolina, requesting that he be supplied with full description of Alvin Karpis.

Mr. Hewby stated that the telegrem did not give the reason for the inquiry. He requested that Sorgee be immediately contacted and that the Bureau be immediately advised results by telegraph.

The following investigation was conducted by Special Agent N. H. McCabe:

At Aiken, South Carolina.

Agent interviewed Mr. Frank Sorgee at the Aiken County Jail, Aken, South Carolina. Mr. Sorgee stated that a barber in Aiken, Mr. A. L. Eubanks, same to him and asked him if he had a good picture of Alvin Karpis and his warming it or description; that Eubanks informed him that a stranger who had been visiting his barber shop recently resembled a picture of Alvin Karpis which he saw in a detective megazine; that this man seemed to have plenty of money and tipped generously; that he claims to be a relative of a Mr. Youngs, a wealthy man from New York who visits Aiken in the winter; and that he has leased a place about six miles from Aiken situated on a small pond. Mr. Sorges stated further that he has not seen the subject, and that neither he nor Mrs Eubanks have told anyone in Aiken of their suspicions due to the fact that they understood that there was a reward offered for the capture of Karpis, and wanted to avoid any dispute as to who this reward would go to in the event the first suspect turned out to be Karpis,

Mr. Sorgee stated that he was very friendly with Mr. Eubanks and that he could drive by the barber shop, pick up Mr. Eubanks and drive him back to the County Jail without attracting any attention. This was done, and agent interviewed Mr. Eubanks at the County Jail where Mr. Sorgee makes his home. Mr. A. L. Eubanks, 13 Columbia Drive, Aiken, South Carolina, stated that he runs a barber shop at 819 Laurens Street, Aiken; that he first noticed suspect about four weeks ago, at which time he came into his shop to be shaved and gave him fifty cents for a shave which costs twenty cents; that suspect came into his shop two or three times a week after that, and always tipped generously; that the last time he was in the shop was on Tuesday, July 5, 1935; that he sees suspect on the street in Aiken often, and that suspect has made acquaintance with several boys in town; that he has never seen suspect with any strangers, but that he is always with local boys or alone.

Mr. Eubanks stated that suspect calls himself which Theodore Peck, and that he claims to be related to a Mr. Youngs, a wealthy New York man. Mr. Eubanks described Peck as follows:

Name: Theodore (Ted) Peck

Age: 27 years

Height: 5° 6° to 5° 8°

Weight: 150 lbs.

Eyes: gray or blue (not certain)

Hair: light brown

Complexion: medium

Scars: scar on lower lip. No other scars

noticed.

Peculiarities: right ear close to head; left
ear protrudes out further from
head.
Appears nervous

Mr. Eubanks stated further that Peck lives about six or seven miles from Aiken on the Old Cedar Creek Farm Road on a place formerly owned by Mr. J. D. Woodward of Aiken; that he is pretending to farm, although he knows nothing whatever about farming; that he recently purchased a new Plymouth Coach or Sedan, and spends much of his time driving about the town in his car; that last Saturday night,

-54

June 29, 1935, Peak was riding about town with enother boy and a couple of girls from Augusta; that he and Jesse George, a son of the former Chief of Police of Aiken, got into an argument over a parking place; that Jesse George challenged Peak to get out of his car and fight, at which time Peak pulled out a gun and pointed it at George; and that Peak was later arrested by the Aiken police department and the gun taken away from him. Mr. Eubanks stated that he heard that the Sheriff had given Peak a permit to carry a gun.

Agent showed Mr. Eubanks the picture of Karpis on the Identification Order #1218, and Mr. Eubanks stated that the picture resembled Peck somewhat, especially the right ear, which appears in the picture to be almost flat against his head. Agent questioned Eubanks closely regarding scars running downward from the ears, scars ever the eyebrows, and the lobes of the ears, but Eubanks could not remember any scars other than the one under Peck's lower lip, and could not recall whether or not he had any lobes on his ears.

Both Mr. Sorgee and Mr. Eubanks agreed to keep this matter strictly confidential, and not to tell any one about this investigation.

Agent interviewed Chief of Police M. L. Kibler at police headquarters, Aiken, South Carolina, in regard to delinquent fingerprints, as reported by the Bureau, and in the course of the conversation that followed mentioned the fact that there had been several armory robberies in South Carolina recently, and inquired whether any guns had been recovered from prisoners recently. J. K. Staubes of the Aiken Police Department showed agent a revolver which he stated was taken from a Theodore Peck last Saturday night, June 29, 1935. Agent examined the revolver closely and ascertained that it is a Colt Police Positive Revolver, 52-20 W.C.F. \$168789. This revolver appears to be rather old and shows indications of having been knocked around

considerably and has not had the best of came Staubes described the incident between Peck and Jesse George substantially as told by Mr. Eubanks, and stated that he arrested Peck late Saturday night when the the latter returned from Augusta at the City Cafe in Aiken; that he locked Peck up for the night at the police of the station; that Peck resented being arrested and displayed a badge, claiming to be a deputy sheriff; that Peck was not fingerprinted at the time he was arrested; that he expected Jesse George to swear out a warrant for Peck, but that this was not done, and Peck was released after paying a \$10.00 fine on Sunday morning. Mr. 1980 - 1980 Staubes stated that he sees Peck around town considerably, and that he drinks a great deal; that he claims to be a step-son of a Mr. Youngs in New York; that he is living about six miles from town in a place formerly owned by J. D. Woodward, and claims to have leased the place from a Mr. Appleton, the present owner, who lives in New York. Mr. Staubes described Peck substantially the same as described by Mr. Eubanks, with the exception that he believes Peck is about twenty or twenty-one years old, and stated that he thought it rather strange for a young fellow presumably well off to be spending the summer months in Aiken.

Agent leafed through some Identification Orders with Mr. Staubes and Mr. Hendrix, who was present when Mr. Staubes arrested Peck, but neither was able to identify Peck with any of the pictures on the Identification Orders. When the Identification Order of Karpis was shown, Mr. Hendrix inquired if we had captured him yet. Agent asked Mr. Hendrix and Mr. Staubes if Peck resembled the picture of Karpis, and both were emphatic that he did not.

Agent discreetly interviewed Sheriff Pierce
Howard, Aiken County Court House, Aiken, South Carolina,
who informed agent that he had given Peck permission to have
a pistol in his possession upon the recommendation of Mr.

J. D. Woodward, who formerly owned the place where Peck is staying. Sheriff Howard stated that he knew very little about Peck, but that Mr. Woodward could tell agent all about him.

Mr. J. D. Woodward, Chairman of the Board of Education, Aiken, South Carolina, informed agent that he sold the place where Peck is now staying to Mr. Robert Appleton, East Hampton, Long Island, New York; that Peck has leased this place from Mr. Appleton; that Peck's mother is a Mrs. Youngs of New York City; that Mr. F. A. Barton, who works at the municipal garage in Aiken, was formerly caretaker of this place for Mr. Appleton, and lived on the place for about a month with Peck, and could give agent more information than he.

Mr. F. A. Barton stated that he and his wife had formerly lived on Mr. Appleton's place and took sare of it for him; that sometime last winter Mr. Appleton told him that there was a young man who was coming down to look and over the place and might lease it; that sometime in April he received a telegram from Mr. Appleton, asking him to meet Mr. Peck when he arrived and show him over the place; that he did so and on May 8, 1935, Peck came back and moved into the place; that he and his wife stayed for a month and a ways furnished meals for Peck, but did not like the way he carried on, drinking and using bed language, and did not think it a company the proper environment for his children, and moved out. Er. Barton stated that Peck's mother is Mrs. Graham Youngs 1120 Fifth Avenue, New York City, New York; that Peck had shown him several letters that he received from his mother; that Peck did not have an account in a local bank to his. knowledge, and that he had introduced Peck to the cashier of the Farmers and Merchants Bank in Aiken so he could cash his checks which his mother send him. Mr. Barton was given the impression that this interview was for the purpose of determining Peck's credit standing. During the course of the conversation, Mr. Barton mentioned the fact that Peck was about five feet, eight inches tall and was ruggedly built, weighing about 160 or 170 pounds.

Agent visited several places in Aiken which Peck frequents, but was unable to locate anyone who answered his description,

Inasmuch as Aiken is a town of about 6,000 population, it was deemed inadvisable to conduct further investigation in view of the information received and to avoid attracting attention.

Under date of July 7, 1935, a telegram was directed to the Bureau, as requested by Mr. Newby, relating the findings of the investigation at Aiken, South Carolina.

At Greensboro, North Carolina.

Mr. Eldridge, Superintendent of Mails, Post Office, Greensboro, North Carolina, made a thorough search of all Post Office directories and consulted his General Delivery clerk, but was unable to find any trace of an E. Alkins.

Mr. Eldridge stated he did not know any one who was corresponding with a Mass Sue Gregory, 55 Lawrence St., Mobile, Alabama, and that it was utterly impossible in a town the size of Greensboro, North Carolina, to identify the sender of a letter who did not have a return address thereon.

R. A. Oehman, General Delivery clerk, Greensboro,
North Carolina, stated that the general delivery file and
his personal recollection contain no information relative
to E. Alkins. Agent requested Oehman to keep a record of
E. Alkins and in the event he called for mail at the general
delivery window to obtain his address and advise the Charlotte
office. He stated that he would gladly do thise

Mr. Atkinson, Supervisor of the Records, FERA Headquarters, Greensboro, North Carolina, stated that his records do not disclose any one by the name of E. Alkins or a similar name.

Mr. Whitley, Identification Bureau, Police Department, Greensboro, North Carolina, searched his records thoroughly, assisted by agent, and no trace was found of an E. Alkins.

Mr. Whitley's records did disclose one Samuel Edwards Atkins, alias Ed. Atkins, Greensboro, PD #5280, 419 M. Elm Street, Greensboro, North Carolina. Who was arrested

This

individual at that time was nineteen years old, 5 feet, 102 inches tall, weight 140 lbs., of slender build and medium complexion and having hazel eyes.

The following investigation was conducted by reporting agent:

At Spartanburg, South Carolina.

Under date of June 26, 1935, B. R. Faller, Clinton, South Carolina, addressed a letter to the Charlotte office, advising that the sender of mail to Mrs. W. A. Gregory at 55 North Lawrence St., Mobile, Alabama, is a Mise virginia washes, an immate of the State Training School

for the Feeble Minded, at Clinton, South Carelina.

She is a girl of about minateen years of age and fairly normal type of mind. This mail came from Box 239, Clinton, South Carolina.

KINAPING.

In connection with the location of subjects in the above entitled case, this office is endeavoring to locate the holders of fifty \$1000.00 bills issued by the Federal Reserve Bank of Atlanta, Georgia, and received in exchange for ransom money.

Investigation by this Bureau has developed facts that it would be reasonable to presume that fifty \$1000.00 bills issued by the Federal Reserve Bank of Atlanta, Georgia, numbered from F-00022451 A to F-00022500 A, were exchanged for the ransom money. The exchange occurred in another city. Three bills, \$1000.00 denomination, numbered F-00022457 A, F-00022453 A and F-0002464 A, have been located.

Information is desired as to the locality in which these bills are being passed, together with names and addresses of the holders of these \$1000.00 bills, so that appropriate investigation may be made which may result in effecting the apprehension of the subjects sought in instant kidnaping case.

I would therefore appreciate information from your bank whether any of these bills passed through your bank or are now held by your bank. In the event you have no record of these particular \$1000.00 bills, kindly arrange to place a "stop notice" on these bills and advise this office immediately of any information you may later receive, either by telephone or telegram, government rate collect, at the following designated address or telephone number:

owing to the hunted look in his eye; and that she believed him to be Alvin Karpis. Mrs.Street stated: "There was quite a difference in the light and dark but every line of the face was the same, and his hair looked to be sandy blende, and he was driving a tan sedan, small make of car." She believed the license number of the ear to be RS-37, Arisona.

It was ascertained from the Division of Motor Vehicles, Phoenix, Arise, that this license was issued to Mrs. Homer Harris, Gadsden, Yuma County, Arise, for a Chevrolet cabrielet.

Immediately upon receipt of this information the description of the sar and license number were broadcast over the El Paso Police Department radio system without result. Two or three days later the police checked the car at a garage near the Paso del Norte Hotel, and found it to be a tan Willys sedan. The driver thereof in no way resembled Alvin Karpis. This car bore Arizona license CS-37 and was registered to Howard M. Lair, c/o Federal Prison Camp, \$10, Tucson, covering 1935 Willys sedan, motor \$2470. This man had been in and around El Paso for several days and had baggage tied on the car, as described by Mrs. Street.

The personnel of twenty one real estate agencies in El Paso was shown the photographs of William Weaver and Myrtle Eaton. Mr.John Beckley, ef Coles Brose real estate office, stated he believed one morning about a month ago he received a telephone call to go to a house located at 4500 Cambridge St., which house was listed for rent, furnished, by Coles Brose; that he went to that address and found a man and a woman in a Plymouth coupe. As nearly as he can remember it was a black car with cream color wheels. They wanted to rent the house and he showed it to them. He stated that he asked who they were and where they were from and the man stated: "It doesn't make any difference where we are from, does it?" Beckley then told them that it was necessary for a person renting a furnished house to give references. Mr.Beckley said the woman then spoke up and stated: "I don't think the house would suit us any how," and they left; that he did not obtain the State in which the license was issued, or the number thereof; that he believes the man resembles the photograph of William Weaver, but the photograph of Myrtle Eaton was not a likeness of the woman with the man at that time,

A large number of real estate agents interviewed stated: "That picture certainly looks familiar." Others stated definitely that they had never seen the man.

For the information of all offices receiving copies of this report, there is no public gambling going on in El Paso. Two or three places have maintained gambling games up until the past month or so, when the police began making raids regularly and they have all closed down. Gambling has been closed down in Juares for at least the past six months, and when a no gambling order is issued by the authorities in Mexico it is most effective until the authorities permit gambling to reopen. No such permission has been granted.

Special Agent in Charge Colvin talked personally with Dave Lawson, owner of what is known as the Knickerbocker Club in El Paso, the only first class night club, and until gambling was closed the only first class gambling place in El Paso. Lawson was shown photographs of Weaver and Myrtle Eaton and some one of the employe at the club stated that he believed he had seen Weaver in the club about two celock one morning sometime ago, but he could not fix the date nor be absolutely certain in his identification.

(2)

This Agent called on R.F.Flores at La Posta Night Club, at the edge of the El Paso City limits, which is also an up to date place where gambling is not carried on, however. Flores stated that he is sure that neither of the parties, Weaver or Myrtle Eaton, has ever been in La Posta.

On July 1, 1935 the records of the Mexican Consulate at El Paso were checked. These records did not bear names indicating that either Myrtle Eaton and/or William Weaver has obtained permission to visit the interior of Mexico since September, 1954. These records contain the names, description, and citizenship, with age of persons making applications for permits.

Fred Bourland, Manager of Lobby #2 bar, Juarez, Mexico, and J.A.Bermudez, proprietor and his employees at Waterfill Gardens night club, Saragosa, Mexico, wpon being shown photographs of William Weaver and Myrtle Enton, each stated that he is certain neither has ever been at those places.

Photographs of both Weaver and Myrtle Enton have been furnished to the Customs and Immigration inspectors stationed at both the Stanton St. and Santa Fe St. international bridges between El Paso and Juarez, Mexico. It might be stated that the Stanton St. bridge is the bridge used by persons entering Juarez from El Paso by automobile or street car, and the Santa Fe St. bridge is the one over which they return from Juarez to El Paso. Only foot passengers cross from El Paso to Juarez via the Santa Fe St. bridge.

Photographs of both William Weaver and Myrtle Eaton have been furnished City detectives in El Paso and they have endeavored through their informants, associated with the underworld both in Juarez and El Paso, to get some line on these individuals, but to date without success.

This Agent has known and been friendly with Bill Greet for a number of years. Mr.Greet is the County Clerk of El Paso County, Texas, and formerly was the chief of detectives of the El Paso Police Department. Greet probably is the most likely person in El Paso to act as a contact for visiting members of the underworld. It is public property that at one time Greet had 15 or 16 California ex-convicts who were living in El Paso paroled to him. Agent took up the matter with Mr.Greet as to whether or not William Weaver and Myrtle Eaton are in El Paso. He stated that to his knowledge he had never seen William Weaver or Myrtle Eaton, but would do everything in his power to ascertain their whereabouts and will notify the El Paso Bureau Office as to his success.

There are two other persons who at one time lived in El Paso and who may know William Weaver. One is Cherry Moler, formerly a well known landlady and prostitute in El Paso, but now operating a tourist camp at or near Willows, Calif. At one time Frank Mash and some of his confederates visited in El Paso and stayed at Cherry Moler's house. She at that time notified a local City detective by the name of Bob Drennan, and arrangements were made to take Frank Mash and his companions, but for some reason or other this was not done. It is believed that if an Agent of the San Francisco Office would call on Cherry Moler, identify himself, and state to her that City Detective Bob Drennan, of El Paso, Texas, suggested that she be contacted, she may give the desired information as to the location of any members of this gang, if she knows.

The other person referred to is Josephine Redmond, who is now reported to be

living with Sam Lard at Yt. Worth. City Detective Bob Drennan, of El Paso, stated that Sam Lard would most likely be known to the local Police at Pt.Worth, and in that way he may be located. Josephine Redmond is a pretty tough character and is living with Lard merely because of the fact that he is purported to have a great deal of money. At any rate, she at one time arranged with several local El Paso boys to bring Lard back from Juares drunk and deliver him to them so that they sould rell him and make him sign papers conveying title to a ranch he is supposed to have in New Mexico. This information is set out in order that the office contacting Josephine Redmond may have some idea of her background.

In checking the records of the Post Office, nothing was found which might indicate that Weaver or Myrtle Eaton was in El Paso at any time receiving mail, encept a postal card which was received on July 1 by the Postmaster at El Paso from San Francisco, in a woman's handwriting, which read: "There is an airmail letter in the El Paso Post Office addressed to Mr. and Mrs. C.R.O'Donnell. Forward same to Apartment 501, 956 Post St., San Francisco." This information was furnished the San Francisco Bureau Office by telegram with a request that discreet investigation be made at that address.

Upon receipt of the reference letter from Special Agent in Charge E.J.Connelley, the El Paso Bureau Office circularized all banks in the district covered by this office, requesting that the El Paso Bureau Office be notified in ease any of the \$1000 Federal Reserve Bank of Atlanta, Ga., bills, serial Nos. from F00028451 A to F 00022500 A, inclusive, should appear.

All persons contacted in this matter, particularly those operating bar rooms or places where gambling might be carried on secretly, have promised that in case any information comes to them concerning William Weaver and Myrtle Enton, they will immediately convey same to the El Paso Bureau Office.

UNDEVELOPED LEADS:

PHOENIX BUREAU OFFICE: AT GADSDEN, Arizona, will ascertain whether or not license #NS-57, issued to Mrs. Homer Harris, is still on her Chevrolet cabriolet motor #2765984.

SAN FRANCISCO OFFICE: AT WILLOWS, Calif., will endeavor to locate and interview Cherry Holer at a tourist camp operated by her. The interview should be along the lines set out in this report.

DALLAS OFFICE: Will undertake to locate and interview Josephine Redmond at Fort Worth, Texas, regarding her knowledge of William Weaver, inasmuch as she comes from Oklahoma and has lived in El Paso where she operated a bootlegging joint and house of prostitution.

The Sureau is in receipt of the report of Special Agent C. B. Winstead, dated at El Paso, Texas, July 8, 1985, which sets forth the results of the investigation in your district respecting the whereabouts of subjects Millian Neaver and Myrtle Exton. It does not appear from a review of the report that consideration was given to the possibility that the other subjects in this case might have been frequenting your districts

The Bureau desires that whenever an investigation is conducted respecting one of the fugitives of this case, and consideration be given to all the remaining fugitives, inam as investigation in the past indicates that they frequently associate with one another.

Kidnaping

Pursuant to your instructions I telephoned Acting Special Agent in Charge W. E. Peters at the Charlotte office and advised him of the contents of a telegram received July 5, 1935 from Frank Corgee, Jailer, Aiken, South Carolina, containing a request for a full description of Alvin Karpis.

I instructed Mr. Peters to have an Agent call upon Mr. Sorgee and furnish him with a full description and photograph of Karpis and to ascertain what prompted the telegram, suggesting the possibility that a prisoner in custody at Aiken might have been Karpis. The Charlotte office telegraphically advised that the individual in custody at Aiken was not Karpis.

O. \$1241, is located in the Indianapolis district, that is, whether or not he should be immediately apprehended or whether he should be kept under surveillance in the hope he might possibly contact the remaining unapprehended subjects of this investigation.

In the event it is the desire of the Bureau that William J. Harrison be kept under surveillance if located rather than be taken into immediate custody, the Indianapolis Office will appreciate being advised as to what action should be taken in the event it appears that the surveillance will be unsuccessful and there is a likelihood of locating subject Harrison. In such a case, should be taken into custody immediately?
